**Bluebirds celebrate 77 years**

Bluebirds watch as Cara Costa signs proclamation for National Campfire week.

The Heppner chapter of Campfire is celebrating its 77th birthday this week. Heppner Mayor Cara Costa joined in and helped Bluebirds celebrate with cupcakes and declared the week of March 15-21 as National Campfire Week.

Throughout the year, first, second, and third grade Bluebirds have been meeting and participating in various activities. Some of the activities include: skating parties, making valentines for veterans, learning to sew, cook, caroling at Christmas at the nursing home, crafts, candy sales, and donating money for Muscular Dystrophy Association.

All the girls follow the bluebird motto, to have fun, to learn to make things, to remember to finish what I begin, to keep my temper most of the time, to learn about nature and living outdoors, to have adventures with people, places, and things, and to have fun.

Janet Taylor leads the first grade group called the "Friendly Bluebirds" with members: Jaelene Papineau, Crysti Taylor, Sherry Sieler, Jayme Hanson, Jessica Keerseemaker, Jessica Van Winkle, Mindy Binschus, and Melissa Cutsforth.

Second grade "Bluebird Stars" are lead by Karla Waterland and include: Kari Oglesbee, Toni Kemp, Lindsey Waterland, Chaz Hedman, Jenny Richards, Amy Mathews.

Lori Moeller, Jill Briggs, Stormy Howard, and Randi Cox, with help from assistant leader Marcia Kemp.

Patti McAlpin is the leader for the third grade "Sparkling Bluebirds" with help from assistant leader Alice Smith. The girls include: Jessica Sumner, Alena Binschus, Josie Evans, Heather Ripple, Alisha Marlatt, Jenny Burkenbine and Kelly McAlpin.

**IF YOU DON'T OPEN A FIRST INTERSTATE IRA OPTIONS PLAN YOU COULD BE LOSING MONEY**

Before you open your 1986 IRA—stop. Because you should know that First Interstate's IRA Options Plan offers you investment opportunities that just might turn a comfortable retirement into a luxurious one.

You see, First Interstate has the most flexible IRA plan available—one that gives you investment options that allow you to maximize your earnings. At the same time, it lets you reduce your 1986 taxable income by up to \$4,000. And even under the new tax law you can defer taxes on 1987 investment income.

**Now you can select the best investments for you—wisely.** Only First Interstate Bank of Oregon offers the IRA Options Plan—the IRA plan that gives you the choice of investing your money in insured money market accounts, corporate stocks and bonds, mutual funds, precious metals, Government Securities, and STRIPS. And you can invest in any or all of these tax-deferred investments.

That means you decide where your money is invested. So, as your financial goals or market conditions change, you have the flexibility to shift your investments and maximize earnings.

For instance, you determine if you want to invest cautiously or turn to a potentially high yielding but more risk-oriented investment. The choice should be yours—because the money is yours.

**Now you can direct your investments—conveniently.** To get all the options a First Interstate IRA Options Plan offers would require you to go to a stock broker, a mutual fund company, a savings and loan, and a bank. But why run all over town when First Interstate offers all those options in one account. Our IRA Options Plan is unmatched for convenience and flexibility.

And if you consolidate all your IRA funds in a First Interstate IRA Options Plan, you will have the same convenience and flexibility for all your IRA investments in one IRA.

**Now you can shift your investments—easily.** Initially, your money goes into your IRA Options Plan Master Account, where you earn a competitive market based interest rate with just a \$100 minimum balance. The IRA Master Account can serve as your primary investment. But it also acts as a holding account for your funds should you want to transfer them to one or more investment options. All it takes is a phone call to switch funds from one investment to another. (Some restrictions due to maturities may apply.)

**Now you can watch your investments grow—confidently.** You'll get peace of mind as well as performance at First Interstate. Our IRA Options Plan deposit investments pay competitive rates with FDIC protection. And you get the strength and expertise of the First Interstate Bank system with over \$50 billion in assets.

**Now you can keep track of your investments—simply.** You'll receive a concise quarterly statement detailing the balance in your Master Account and the current market value of your other investment options. So, keeping track of your IRA investments will no longer be a complicated and confusing procedure.

**Now you can get the answers you want about your investments—quickly.** For more information, call our IRA Center in Portland, call 225-7004. Outside Portland, call toll free: 1 (800) 225-7004. Or visit a First Interstate branch and ask our friendly staff.

But whether you call or come in, don't waste a moment. Not just so you can reduce your 1986 taxable income. But because the sooner you have a First Interstate IRA—the sooner you'll have control over how your money—earns money.
