New pain reliever from the sea

Here's a whip that actually may lessen pain — sea whip. Scientists recently have extracted a new class of painkilling and anti-inflammatory drugs from this Caribbean soft coral. According to International Wildlife magazine, the new substances are more potent than

commonly prescribed anti-inflammatory drugs. They also relieve pain at least as well as morphine but without its narcotic and addictive side effects. The drugs may one day be used to treat such diseases as arthritis.

Maasdam — Mitchell

David and Carol Mitchell of Heppner announce the engagement of their daughter Joni to Mark Maasdam of Enterprise.

The bride-elect is a 1985 graduate of Heppner High School and a 1986 graduate of Blue Mt. Community College. She is currently employed as a dental assistant in Pendleton.

Maasdam is the son of Jim and Carolyn Maasdam of Enterprise. He is a 1982 graduate of Enterprise High School and a 1982 graduate of Wyoming Technical Institute currently working for Maasdam Trucking.
