

J.V. Fillies hit slump in Umatilla

The Heppner J.V. volleyball team hit a slump at Umatilla Tuesday as the Vikings handed the Fillies a 6-15, 15-9, 13-15 loss.

The Fillies started out a bit flat in game one without much communication or movement, resulting in a quick 6-15 loss.

Board members answer school budget questions

How can you justify busing children to school who live only two to three blocks from school? To adequately answer this question, one has to be aware of the past events that created this situation.

In 1979, when Sam Boardman Grade School was occupied, a group of parents met with school administrators to discuss the hazards of children walking to and from school using Wilson Road. The street had no sidewalks and the posted speed was 40 mph. To ensure the safety of the children, it was decided to bus them to school. In 1982, part of Wilson Road was repaved and widened. The original plan was to include a bike path which would also allow children to walk to school. As can be seen today, there is no bike path or sidewalk on Wilson Road.

In Irrigon, at AC Houghton Grade School, children who live south of Highway 730 are bused to the grade school. This again is a safety issue. There are no stop lights or cross walks to allow safe crossing of the children.

As both parents and tax payers we want our children to travel to and from school safely as well as require the school district to use our buses in the most economical manner. If a path or sidewalk were added to Wilson Road, and crosswalks and stop lights were added in Irrigon on Highway 730, then our children could safely walk to school.

The questions that rise from this writer are:

- Why was the original plan regarding Wilson Road not adhered to?
- How much will it cost the taxpayer to put in sidewalks, stoplights?
- Is it cheaper to transport our children by bus than pay for sidewalks and stoplights?

In conclusion, the justification for busing children to school who only live two to three blocks away is that we parents want our children to travel safely to school. Parents initiated this, not the school district.

Behind the serving of Nikki Brisbois, Dulcie Palmer, Joanna Welch, and Tiffany Harrison, things began to click as the Filly team had found a workable combination of players to take a 15-9 win in game two. Dulcie Palmer using her all around playing skills showed a lot of hustle, while Susan Plocharsky played her best match of the season. Michelle Beck turned in a match of good court play.

Game three was a see saw affair of both teams serving well. The Fillies usual set-up and attack game just wasn't quite on track. For the second time this season Heppner lost the third game of the match to Umatilla in a close one 13-15.

In their toughest match of the season Heppner's J.V. volleyball team fell short 13-15, 10-15 to host Weston-McEwen last Thursday evening.

Heppner and Weston-McEwen started the match off trading excellent serves. The Fillies turning in a high 86% for game one.

"The difference in the contest was that we couldn't serve, receive, or handle some of their hard hits. Normally, we have good attacks of our own, but without good serve reception there's not many good sets for spikers. In a close match everything adds up," Hisler said.

Bright spots were Kelly McLaughlin turning in her best performance this season with overall quickness and defensive thinking. Susan Plocharsky, Michelle Beck and Tiffany Harrison all played well. Brisbois, Palmer, and Plocharsky added serving for Heppner.
