Hayes elected treasurer ROTC drill team

Loran Hayes, a sophomore at Oregon State University, was recently elected treasurer of Aerospace Studies Silver Wings Drill Team. This is Loran's second year in the drill team. They perform around the Northwest in drill competitions and parades. The drill team is an extension of the Air Force ROTC program at Oregon State. They will be competing in the National Competition at the Air Force Academy in Colorado Springs, Col. if they can find a way there. They won the competition the last four years. Loran says "it is very enjoyable, although a lot of work. We drill 4 days a week, early in the morning, sometimes more, depending on our schedule." He is in charge of teaching four members to march. This is a volunteer organization and one which he enjoys.

There were many beautifully decorated homes this year and the Garden Bugs would like to thank everyone for their participation, and hope they will join in again next year.
