

Science Fair winners are announced

Sarah Carlson's seventh and eighth grade Science Fair winners back row l-r: Ryan Cur-
rin, A.J. Tarnasky, Steve Hoffman, Shane
Munkers, TR Riehl, Mark Conklin; middle
row: Laurel Webber-Gray, Sherry Bingham,
Kim Johnston, Christy Corwin, Nina Tucker;
front row: Rhonda McDonald, Peter Pearson.

For the Science Fair, the students chose their topic in November, completed research by mid-January. Essays were written, revised, and typed during January and February (Anne Metz supervised writing of essays. The students received input from Anne Metz, and Sarah Carlson for the final draft and instruction of word processing the essays was with the assistance of Karen Beck.)

Their experiments were done the month of February and log books were put together before the spring break.

Judging was done by the students in Bill Hudson's physics class.

Seventh and eighth grade winners are as follows:

Seventh grade Chemistry: first-Rhonda McDonald; second-Jenni Ashbeck; third-Shane Munkers.

Physics: first-Laurel Webber-Gray; second-TR Riehl; third-Mark Conklin.

Earth Science: first-Steve Hoffman.

Life Science: first-Alecia Tarnasky; second-Peter Pearson; third-tied-Derek Osmen, Chris Schultz, Sherry Bingham.

Eighth Grade: Chemistry: first-Brody Struckmeier; second-Christy Corwin; third-Ryan Currin.

Physics: first-Anthony Tarnasky; second-Nina Tucker; third-Sarah Clark.

Life Science: first-Heather Eckman; second-Kim Johnston; third-Gabe Garcia.

To be eligible for an award, the student had to have enough total

points for an A or B project. The project grade included a log book, oral presentation and display.

Second grade winners are:

Mrs. Calvert's Class: Bodies: Best colored-Bonney Hill; Best positioned-Jonas Healy; Best face-Jessica Keerseemaker.

Experiments: first-Adam Doherty and Jonas Healy; second-Mindy

Binschus and Bonney Hill; third-Melissa Cutsforth.

Mrs. Krien's Class: Best colored-Jaylene Papineau and Jarrod Clark; Best positioned-Brian Burnside; Best Face-Jayne Hansen.

Experiments: first-Katie Kenny and Jaylene Papineau; second-Crysti Taylor and Jamie Watne; third: Caleb McDaniel and Annie Hisler.

Regular training should be a part of every dog's upbringing

Our Checkoff Dollar Is Paying Off.

A few years ago some folks started going around telling people beef was bad... don't eat beef. Well, we didn't think anyone would believe the misinformation, but the facts told a different story. The demand for beef was dropping, and it was up to us to turn it around. So we developed the producer controlled Beef Checkoff Program, and the investment we're making today is paying off.

- ✓ **Research:** Last year alone we invested over \$2.7 million in research such as studies that proved eating beef provides the necessary nutrients and minerals for a healthy diet.
- ✓ **Information:** We're working with consumer groups, school teachers, dietitians and doctors. We're giving them the positive message about our product, and they're paying attention. We've begun educating reporters and last year more than 4,700 articles reaching more than 200 million consumers were written about beef coming back.
- ✓ **Promotion:** Through television, radio and magazines we're taking our message... "Beef is real food for real people"... directly to the consumer. And a just completed major research study has proven the more people see our message... the more they buy our product.

Research, information and promotion... all tools we're using to tell the truth about our product. It isn't an easy fight, but with the investment of our dollar we're turning the corner.

**Beef Producers Are Fighting Back...
And We're Winning.**

✓ **Vote YES On
May 10th At Your
County Extension Office.**

Two Ways to Vote:

1. AT YOUR COUNTY OF RESIDENCE EXTENSION OFFICE.
2. BY ABSENTEE BALLOT - To obtain your absentee ballot, request in writing before April 20 from: Bill Zollinger, 210 Withcombe Hall, OSU, Department of Animal Science, Corvallis, OR 97331

Sponsored by the Oregon Beef Industry

Hospital Notes

Pioneer Memorial Hospital reports admitting and dispatching the following patients during the past week:

Hazel Mahoney, Heppner, discharged March 28.

Linda Cecil, Heppner-admitted April 6; discharged April 7.

Chamber Chatter

by Claudia Hughes, Chamber Manager

If you've never been a member of Heppner Chamber, or if you ceased being a member some years back, please pay us a visit. If you have concerns, please share them. We aim to please! Also keep in mind "in difference, there is strength."

So, what is on the minds of Chamber members these days? Briefly, it took two business meetings and board meetings this month to cover all the agenda items Chamber members had to share. Topics covered a wide range, most exciting being the new doctors. Doctors welcome committee is planning ways to make them feel welcome, and a medical fund raiser committee is hard at work. Tom Hampson, BMCC Small Business Development Center, encouraged interested persons to attend the April 19 seminar, "Dealing With Customers: It Does Make A Difference". This will be a worthwhile evening with business and pleasure of sharing combined. Other business included: 4-H Scholarship fund donation, update on county budget cuts with Chamber electing to support both the County Budget and the Health Care levy; Heppner's visibility in soon-to-be published Visitors Guide and encouragement of businesses to sponsor ads for the guide.

Tourism Committee is working on a placemat; over 300 Welcome to Heppner brochures were distributed the past month; May 10 beef referendum was discussed with the Board, due to its great importance to our ag community and the fact that Portland Chamber had endorsed it. These are just a few items to let you know Chamber isn't sleeping through lunch. Join new members Pat Sweeney, Willow Creek Country Club, and W.E. Hughes & Sons. Share your program ideas. We'll even put you on the agenda if you like.

Mark your calendars: April 19-No Chamber, but be sure to attend the SBCD/Chamber sponsored seminar on Dealing with People;

April 20-Meet at the Extension Office at 11 a.m. to travel to Boardman for joint Chamber meeting and a tour of the Port of Morrow. Vans will be provided.

Thanks to Chamber members who sold roses and to the buyers who made Heppner "smell like a rose" this week. See you at Chamber.
