

Timber tour termed successful

The forestry department was pleased with the number of people that turned out for the tour that was planned. "A lot of information was shared and we felt it was worth the effort," said Roger Williams, ranger.

The Heppner Ranger District tour July 23 was well attended, according to Roger Williams, District Ranger. They viewed the timber management program and activities involving harvest techniques. They also discussed clearcutting versus selective cutting timber practices.

The tour lasted from 9 a.m. until about 4:30 p.m. and tourists took a sack lunch.

"We did not solve everything," according to Mr. Williams. "but we

did share some ideas and hopefully opened some eyes. We are going to continue along these same lines, it is critical for people to know what is going on in the forest."

Another tour has been scheduled for August 13. It will concentrate on riparian area management, fish habitat improvement and recreation opportunities.

Interested persons may contact the forest service at 676-9187.

Boys sustain injuries in accident

A one-car accident occurred about 1/4 mile up Hinton Creek towards Pilot Rock, last Saturday, July 30, at about 6:30 p.m.

Involved in the accident were Jeff Hiatt, driver of the 1967 Ford pickup, Sean Adlard and Marti Buschke, all of Heppner.

According to Gary Warren, Morrow County Deputy, the boys were on their way to town when the driver reached for a paper that was blowing off the dashboard and out the window. He hit the shoulder, overcorrected, and the pick-up crossed the road and rolled two times. Buschke and Adlard were ejected from the vehicle.

Hiatt was treated at Pioneer Memorial Hospital and released as was Buschke. Buschke was kept for observation. Adlard was transported to Pendleton with unknown injuries.

Grounds receiving new coat of paint
