## "Why am I smiling?"

Not too long ago, I could hear others, but I couldn't understand what they were saying.

Then my Hearing Health Professional tested me and said I was suffering from Nerve Deafness, a type of hearing loss that affects millions of people.

He also told me there is a new hearing technology that could help me: the **Argosy** canal hearing aid. So tiny, you probably can't see that I'm wearing it right now!

Take my advice and start enjoying the benefits of better hearing. Call your Hearing Health Professional today for a complete hearing test and evaluation.
