Coats for kids project expands

By Beth Stephens

North Morrow County Homemakers "Coats for Kids" project started about 7 years ago with a before Christmas gift of a coat for a needy child. Mayko Buchanan, this year's chairman of clothing states, "it has grown into a year around collection project and expanded to fill other needs than coats, including any clothing item or other needs a child may have. Sometimes we pay for a sports physical, athletic shoes, glasses or help with field trip fees." Mayko and her volunteer committee members are Juanita Tyan and Iretta Dooney. They make 'new' articles of clothing by mending, washing, replacing buttons and zippers and sometimes buying new garments if a child's need cannot be filled from their collection. United Way also helps support this program and now each year a special yard sale is scheduled for fund raising. Looking to the future, Mayko says, "someday these children may help someone else in need, then we will know our venture has been a success. We sincerely appreciate the past contributors and our hope is they increase throughout the 1990's."
