### HHS first in district Knowledge contest

Heppner High School students placed first in the school district in the high school division of the 1990 spring Knowledge Master. The Knowledge Master is a national competition conducted on the computer. A team of students attempts to answer correctly in the least possible time from all the content areas of the school curriculum.

Team members were Sarah Clark, Mark Conklin, Eric Connor, Bob Krein, Dan Lindsay, Dean Munkers, Pete Pearson, Jeannie Patterson, Cory Rill, Kevin Tucker, Laurel Webber-Gray and Becca Wicklund. The students were selected for their academic ability and ability to work as a part of a team.

Linda Dutcher, coordinator for the Heppner High School team, said that the team's score was the second highest score for the school in the eight times Heppner High School has participated in the competition.

### Jo and Janie Cupps advance to state track meet

By Anne Morter

In a couple of surprising finishes, lone senior Jo Cupps advanced to the state track meet in the discus and her little sister, Janie Cupps, advanced in the high jump. Both girls qualified for the state meet at the district 7A meet held last weekend in Hermiston.

Jo Cupps set a school record and personal record in capturing second place in the discus with a throw of 107'8". Throughout the season, the discus had been her second strongest event, the javelin being her first. She was aced out of a state spot in the javelin when Valerie Winborne of Stanfield uncorked the winning throw on her last attempt to knock Cupps to third place. Cupps had a throw of 111'0".

Freshman Janie Cupps surprised the field by clearing 4' 10" to claim second in the high jump. Her jump was a personal record by two inches.

In other girls' action, Danielle Stefani placed third in the 1500 in 5:22.89. While she did set a new personal and school record with that

time, she missed a state berth by four seconds. Stefani, a freshman, did not finish the 3000 after suffering an asthma attack in mid-race.

On the boy's side, no Cardinals advanced to the state meet. Gabe Garcia finished a heartbreaking thirds in the 400--a race where the top three finishers were in a near photo finish. Garcia had the fastest qualifying time going into the finals. He also finished sixth in the 200. Mike Garrett ran to a fifth place finish (4:47.41) in the 1500 for the other boy's points.

Several other Cardinals had good performances but didn't get into the score column. Mac Lovett ran 11.85 in the 100 meters to set a personal record. Mike Lovgren and Mark Anderson each had a personal best in the discus but didn't make the finals. Chrystal Minster set personal records in the 200 and long jump but didn't make the finals.

Jo and Janie Cupps will compete at the State A track meet to be held Friday and Saturday at Silke Field in Springfield.

Fumika Matsui lost to Junko Yamanaka, 0-8, to complete singles play.
