McCarls Lexington Yard of Month winners for June

Shirley McCarl

Morris and Shirley McCarl, 320 'C' Street, Lexington, have been named Lexington Yard-of-the-Month for June.

"A feast of beauty is in store for anyone who can take time to walk or drive a block and a half off the main street for a look," said a Garden Bug spokesperson.

Carefully groomed lawns extending out under the stained pole fence into the parkway at the end of the dead-end block by Willow Creek are the foundation for the McCarls' beautiful garden. A well cared for wagon wheel stands to the right of the open gateway where a short walk leads to concrete doorsteps. On the steps are four different antique teakettles planted with geraniums to welcome visitors.

The space to the left of the gateway a few feet of the pole fence is glorified with a fine collection of

healthy peonies in colors ranging from white through pink to dark red. Though the peony blossoms are on the wane, the lovely leaves of the peonies will provide decoration all summer in contrast with the rich color of the pole fence. To the left of the gateway a longer stretch of fence will be highlighted by a variety of geraniums for the rest of the summer.

Viewers should go far enough past the gateway to get a peek into the delightful and spacious back yard where a row of tall shade trees on the south give summer protection to a large lawn bordered with a variety of beauty spots, among which are some clever garden ornaments.

On the north side of the house sweet pea vines have a good start up neat supports and promise a feast of color for the future.

St. Patrick's Senior Center Bulletin Board

By Jane Rawlins

Of great interest these days is watching the new Central Market take shape. We have both grandstand and ringside seats here to observe the progress of construction and we're enjoying it.

Though not posting a GT Bulletin Board for two weeks, this center continues with many activities. This week the Monday quilters are also doing an RSPV sewing project of drawstring popcorn bags, a request from the Port of Morrow. The Heppner TV Association held their annual meeting here at 7 p.m. Tuesday. We enjoyed a delicious Father's Day dinner at noon Wednesday with good friends from the Baptist Church helping with serving. The center's board met that afternoon and the VFW that evening in the front room. The exercise group met on Tuesday and Thursday.

Next week: Monday the Quilters and Company invite anyone interested in learning to quilt to come by from 1 to 4 p.m. The owner of the quilt they are now doing says she would not object. The quilt is in the frame, helpers are present, so come in and try your hand at it.

Tuesday and Thursday the exercise group time has been changed from 12 noon to 10 a.m. The Wednesday noon dinner will be turkey loaf, baked beans, fruity jello salad, vegetable tray, whole wheat rolls and sweet potato pudding. Servers will be from the Methodist Church.

Saturday we will be serving a country breakfast to the class of 1950 on their 40th reunion.

Every week day the Dollaride car is still running. Call the office, 676-9030, Delta Huber for Tuesdays and Thursdays and Rita Hedman for the other days.

Counties to share U.S. Forest receipts

An estimated \$197 million will be shared by 31 counties in Oregon and 27 counties in Washington, according to estimates released recently by the U.S. Forest Service. Morrow County will receive \$578,998.76 as its share of the fiscal year 1990 National Forest System receipts.

The Oregon amount totals \$154,679,713.59, and the Washington amount totals \$42,281,751.10, according to Pacific Northwest Regional Forester John Buttrille. Revenues are collected for the uses of land and sale of resources from 24.5 million acres of national forests and grasslands such as timber, grazing, recreation, and minerals. States are required by law to use their share of the receipts for public schools and roads.

Buttrille said making advance

estimates of the state payments helps local budget planners complete their work. He said the final payments will be based on actual receipts collected and may vary from the estimates announced today.

According to Buttrille, interim payments representing 75 percent of the estimated total state shares of national forest receipts will be made in September. The balance will be paid in December, when final figures on the revenue collected during fiscal year 1990 are available. These estimates do not include 25 percent of the 1990 revenues from the Crooked River National Grassland in Oregon. Revenues from national grasslands are based on calendar year receipts with payments made the following March.
