ESD provides hearing screenings for children

The Umatilla ESD provides free hearing screening to children over three years old in Umatilla and Morrow Counties. An audiometric technician visits each elementary school every three weeks to test students referred to her. These refer-

als are usually made by teachers, parents, doctors, speech clinicians and audiologists. New students are also tested.

The hearing screening tests the eardrums and hearing. It takes about two minutes. If the first screening is not passed, the student is rescreened in two to three weeks. Parents are notified of all test results. When necessary, the students are referred

for more testing by doctors or the ESD audiologist.

If you would like to refer a child between the ages of three and five for hearing screening, call the secretary for special education at the Umatilla ESD 276-6616, ext 134 to set up a screening at the nearest elementary school. Children under three years of age can be tested at the Umatilla ESD in Pendleton by the ESD audiologist.

Tarnasky named HHS HOBY ambassador

Sophomore Alecia Tarnasky has been selected as Heppner High School's ambassador to the 1991 Oregon HOBY Leadership Seminar.

The purpose of the HOBY (Hugh O'Brien Youth Foundation) seminar is to bring together a select group of high school sophomores who have demonstrated leadership ability so that they can interact with groups of distinguished leaders in business, government, education and the professions to discuss present and future issues. Through informal, question-and-answer sessions the students have the opportunity to develop leadership skills and an opportunity to explore America's incentive system and the democratic process.

All sophomores are eligible to apply. Contestants submit a written application and then are interviewed by a faculty committee. Applicants are judged on their leadership ability, sensitivity to others and their desire to communicate their knowledge to their peers. The emphasis is on personal incentive and leadership potential.

Tarnasky, the daughter of Ed and Sheridan Tarnasky of Heppner, is an honor student at Heppner High School. She has participated on both dance and volleyball teams. She has been selected as a member of the Pipeline peer education team since junior high school. Tarnasky has demonstrated her leadership ability through participation in the 4-H program and her church's youth group.

Peter Pearson, son of Frank and Chloe Pearson of Heppner was selected as the alternate. The four-day, all-expense-paid seminar has been held since 1958. Heppner High School students have participated in the seminar since 1987.

Sykes, Rhea elected Lions club officers

David Sykes (l) and Steve Rhea

David Sykes was installed president of the Heppner Lions Club at the annual charter night, held last Thursday at Kates Pizza. Sykes replaces Steve Rhea, who served as president the past two years. Rhea was elected secretary/treasurer for the 1991 year.

New member Shawn McKinley was installed by Lion District Governor Ed Wells, who came from Pendleton for the meeting.

Lions members and their families enjoyed a pizza dinner during the annual charter night, and a regular Lion business meeting was also held.

New members are always welcome in the club, and those who

are interested in joining can contact Sykes, Rhea or any other Lion member.

The Lions Club does projects during the year to raise money for community benefiting projects, such as scholarships and help with the recent renovation of the city's Christmas tree lights.

The Club also has access to funds to help those who need eye surgery and cannot afford it.

The next project for the Lions Club will be the yearly fruit sale this Saturday. The sale is held in conjunction with the Heppner Soroptimist Club to raise money for worthwhile projects.
