Lutherans celebrate Rural Life Sunday

On Sunday, May 5, the Hope-Valby Lutheran Parish will celebrate Rural Life Sunday, a celebration that for many centuries has been associated with planting crops and praying for favorable weather and a bountiful harvest.

This observance grew out of calamity that occurred around 450 A.D. It was the destruction of Vienne, France, by earthquakes, fire, rioting and looting. Bishop Mamertus called the people to observe a solemn fast and public supplication as atonement for their sin. The observance lasted three days and included a solemn procession with litany around the bounds of the city.

Over the centuries the observance has developed a three-fold emphasis-

petitions for forgiveness of sins, for protection from calamities and for bountiful crops.

Today the emphasis calls for prayers that thank God for the many blessings to us, but also calls attention to protection and careful use of the environment, for good weather and abundant harvests, for farmers and their families, for those whose land and way of life are threatened, for the underemployed and the unemployed, for the hungry of the world. An old observance of the church which arose out of calamitous situation has similarities to conditions in today's world.

Services are 9 a.m. at Valby Lutheran Church and 11 a.m. at Hope. Sunday School begins at 8:15 a.m. and 9:30 a.m. respectively.

"Cause they're almost done remodeling so they can carry all of your favorite items." Grazelda perked up. "And what's that?" Clem cracked up. "Ice cream, ice cream, and more ice cream!!" At that moment Clem ducked just as a dish of Rocky Road whizzed past his head!

Ione track teams rack up personal records

By Anne Morter

The lone track teams racked up some personal records last weekend, competing at the State 1A Invitational Track meet held at Mt. Hood Community College (formerly State B meet.) The State 1A Meet gives the smallest category of schools a chance to compete strictly against each other since the OSAA does not break track down to 1A and 2A divisions. Thirty-eight schools participated on a cloudy chilly day.

April Taylor was the only girl to place, running to sixth place in the 800 meters with a time of 2:44.8. That time was a personal record for her. Crystal Minster recorded personal bests in the triple jump and the 200 but didn't make the finals.

For the boys, David Wagenblast recorded a personal record of 2:11.7 in the 800 meters where he finished fourth. Gabe Garcia, who ran seven races, counting preliminaries and finals, finished fourth in the 400 (54.6) and fifth in the 200 (24.2). Mac Lovett ran a total of eight races for the day, finishing sixth in the 200 with a 24.7 and in the 100 with an 11.9. Ryan Halvorsen leaped 38'4 1/2" in the triple jump, good for sixth place and a new personal record for him.

"All the kids are making pretty good progress," says coach Del LaRue. I was especially pleased with April and David's 800 meter races," he added. He also noted that the sprinters ran well but with so many preliminaries, they were worn down

by the time the finals came around. The Cards will travel to Condon this Saturday for the annual Big Sky Invitational.

Air Life Depends On You Today...

You May Depend On Us Tomorrow

We Need Your Help. When Air Life began operation in 1985, the experts told us it would be financially impossible to support an air medical service in our region. There were simply too few people spread over too many miles. Air Life is here today because Central and Eastern Oregonians have a proud tradition of proving the "experts" wrong. We need your help to continue that tradition.

By joining the Air Life Membership Plan you will be providing the dollars we need to keep flying and the protection you want for your family and community. For more information or to join, pick up a brochure at local businesses or call us toll free at 1-800-522-2828.

"Air Life: Our Lives Depended On It."

Just six months apart, Dot and Lewis Halvorsen were transported by Air Life from Pioneer Memorial Hospital in Heppner to Portland for emergency heart care. Dot had bypass surgery. Lewis had a coronary angioplasty.

The Halvorsens weren't Air Life Members when Dot was transported, but "we joined right after," said Dot. They were Air Life Members when Lewis was flown and saved over \$900.
