### Chamber Chatter

By Claudia Hughes, Chamber Manager

Is Heppner in a time warp? That was the conclusion of an independent film company visiting the area yesterday and looking for a 50's era look. The were very interested after spending the night at our bed and breakfast and visiting at the museum. Unfortunately, one of their chosen buildings to film is going to bite the dust soon. A bit of irony in that, wouldn't you say, 50's look...hmm, maybe we should consider a community where you could go back to the easy-going days of the Eisenhower era with drugstore soda fountains and nostalgic doings...sockhops, drive-ins with outside waitresses, etc. Stretch your imagination; how can we improve upon what is right under our noses? Speaking of Heppner and its future, the VISION 2000 committee

will be presenting its vision and goals to the chamber Tuesday, May 21. The team is composed of a variety of people from different walks of life who put their heads together over the past year, taking into consideration Heppner's strengths, weaknesses, opportunities and threats. Your input and approval of the plan is the next step in the process. Join us during chamber to be a part of Heppner's future.

A retraction is necessary...a phone call from Michelle McElligott of the Emerald Velo Cycle Club tells us the June race will be postponed for a year, so we'll look forward to that event in '92. In the meantime, keep your eyes and ears open for other opportunities to bring people to our town.

Thought for the week: "The dictionary is the only place success comes before work."

### Correction

An article submitted to the Heppner Gazette-Times inadvertently omitted the name of Kelsie Evans as being on the third quarter honor roll at Heppner Junior High School. Kelsie is an eighth grader and received a 3.6 GPA.
