

Volunteers replace planters

Volunteers Saturday put new planters out on Heppner's main street, replacing those which had been damaged or outgrown by their trees. Pictured above preparing the planters for distribution are (left to right) Bill Kuhn, Philip Spicerkuhn, Steve Dickenson and Bob Kahl.

Health history helpful when traveling

Extra prescriptions for glasses and required medication may be helpful when traveling, especially outside the United States.

Carol Bennett, Oregon State University Extension agent in Morrow County, says it's wise to consider what information you might need should you have an accident or health emergency when traveling.

Make a one-page summary of your health history to carry when you travel. Include the name of your personal physician, and if you have health insurance, the name and address of the health insurer. Check your health policy if you plan to travel outside the United States.

When making a health history, Bennett suggests listing drug allergies and health conditions that might require special treatment, such as diabetes. Also note if you use any health aids, such as a pacemaker, or if you wear contact lenses.

If other family members will be traveling with you, make sure each has a health history to keep with the passport or international identification card for easy access if needed. Have duplicate copies to store in more than one place, such as a suitcase and wallet, in the event one piece of luggage or a purse is lost or stolen.

St. Patrick's Senior Center Bulletin Board

A five-county senior transportation meeting was held at St. Patrick's Senior Center June 5. Those attending were also present for the senior dinner. One hundred nine people attended the dinner and four meals were taken out. Frances Smouse won the free meal ticket, Wilma Mabe won the door prize and the guest prize was won by Helen DeSpain. The Episcopal Church served.

The menu committee meet Monday, June 10 to plan menus for the next three months.

The Father's day dinner was held Tuesday, June 11, so that seniors could attend an important Area Agency on Aging meeting in Hermiston on Wednesday.

The menu for Wed. June 19 will be spaghetti with meat, mixed vegetables, chilled pears, French bread and peach cobbler. Members of the Christian church will serve.

Free testing and cleaning and hearing aids for seniors will be at the center Friday, June 14 from 9 a.m. to noon.

The V.F.W. will meet Wed., June 19 at 7:30 p.m. in the sitting room.

Quilting meetings are held every Monday, 1-4 p.m. Material has been purchased for a new quilt and blocks are being cut out. Anyone interested may come and help.

Hobby time is Tuesdays, 1-4 p.m. and exercise is Tuesdays and Thursdays, 10-10:30 a.m.

Boy Scouts paint city pool

Local Heppner Boy Scout Troop 66, with the help of parent volunteers, painted the Heppner City Pool dressing rooms Sat., June 8. "It was a lot of work," said Scout volunteer Carol Williams, "but the incentive was to earn money from the city of Heppner for the boys to go to Camp Fife in July." The paint was provided by the city and the boys provided the brushes, rollers and "enthusiasm for a job well done."

Baseball and stains go hand-in-hand

Yes, dirt, mud stains and baseball go together. But there are ways to get most of the stains out.

First shake off any dry soil or dirt particles, then soak overnight in cold water. The next step is to rinse the uniform or socks under the cold water faucet.

Then pretreat stained areas with heavy-duty liquid detergent. It's best to wear gloves when doing this. Put detergent directly on the stain and scrub material together.

Wash with the regular laundry with heavy duty detergent in warm water.

If the stain isn't out, the next step is bleach. Soak no longer than 15 minutes in a diluted solution, then rinse thoroughly and dry.

Now you're ready for the next game and more dirt and mud.

For more information about stain removal contact Carol Bennett, Morrow County Extension agent, 676-9642

Goodwill's Annual
Just For You BIG YARD SALE
Sat. & Sun. June 29 & 30 10 am-9 pm

CHILD ABUSE

CHANCELLOR FOR HIGHER EDUCATION - OREGON:

Way back in 1979, and later recorded in the Congressional Record, Dr. Barbara Bateman of the Univ. of Oregon said: "Near failure proof methods for teaching all children to read and write are already available. Continued failure of schools to employ these programs is at best negligent, and at worst, malicious."

Why have you permitted the teaching of whole word/language methods at colleges of education to the exclusion of phonics? Are you guilty of CRIMINAL co-conspiracy, or guilty of CRIMINAL negligence, or what?

It would seem anyone receiving over \$120,000 per year should be able to correct this problem-and particularly with SIX assistant chancellors: TWO vice, ONE executive vice, and THREE assoc. vice - all receiving over \$75,000 per year of the taxpayers' money? UNIVERSITY PRESIDENTS AND COLLEGE OF EDUCATION DEANS: You should have some responsibility for your failure to correct this, particularly since you are all receiving from \$85,000 to \$100,000 of taxpayers' money.

Is your child labeled LEARNING DISABLED (dyslexic, etc.)? If so, you need to know that this is due to the failure of public schools to teach good phonics. Teachers are taught inferior methods of teaching reading and writing in college, and don't know any better.

TEACHERS - It is not your fault - you were SWINDLED; you were DUPED; you were FRAUDULED by your COLLEGES and by your PROFESSORS!

In Lake Oswego, over 6% of students are labeled LEARNING DISABLED, and 1% should be the maximum. This is MENTAL CHILD ABUSE on a massive scale! Up to one half of all students are handicapped - slow readers and poor spellers.

NEW PERCENTAGES show Lake Oswego Schools are WORSE than we thought!

ALL PARENTS - If your schools can't teach all students to read, write, and spell - what makes you think that the rest of the teaching methods & materials are any better?

EDITORS - Why don't you investigate why high schools graduate students who cannot read or write and why so many drop out?

In any case, graduating students who cannot read nor write is a CRIME and must be STOPPED!

Get the FACTS.
We will be glad to furnish full documentation FREE as long as our money holds out.
