4-H livestock entries up

4-H'ers prepare animals for fair

The Morrow County 4-H program is enjoying an increase in total numbers and the livestock program is no exception. With the numbers we have from the prefair weigh-in, we can project what we think we will have at fair. The market lamb numbers will go up from 96 to about 100-115. The market swine numbers will go up from 49 to about 65-70. The number of steers will stay at

about 12-14. These numbers are considering most animals will make weight at Fair.

'It is good to have this enthusiasm for the 4-H program,' according to Bill Broderick, 4-H agent, 'but it sure makes us hustle to find enough pens for everything. As 4-H agent, I encourage you to come look and see what all the 4-H'ers from Morrow County have produced this year.
