The World's Smallest CheckbookSM Can Pay For A Merry Little Christmas.

For the simplest, fastest way to pay, use your First Interstate Gold Bancard.

The World's Smallest Checkbook can change your holiday shopping in a big way.

Because it's the easiest and fastest way to get into your checking account without writing a check.

Here's how it works: when you pay with your Gold Bancard, the funds are automatically deducted from your First Interstate checking

account—in about the same amount of time it takes for a check to clear.

You'll receive a receipt for your purchase so you can keep track of your deductions. You'll also find a detailed record of these deductions on your monthly checking account statement.

The best part is, your First Interstate Gold Bancard works in all the places VISA® does. Like toy stores, discount chains, restaurants—you name it. You can even use it for mail order or telephone purchases.

And because it's still your First Interstate Gold Bancard,

it gives you the convenience of cash access at ATMs throughout the country. It can even be used as a check guarantee.

So for this year's Christmas shopping, use your First Interstate Gold Bancard. If you don't have one, just come to a First Interstate Bank of Oregon branch and ask for the "World's Smallest Checkbook." It'll make a big difference in the way you buy gifts.

We go the extra mile for you:
