Letters to the Editor

Make better use of funds

To the Editor:

The announced purpose of the Governor's closed circuit Conservation with Oregon was to get ideas on how to finance state

government. The real purpose, of course, was to campaign for reelection using taxpayer money.

The emergency board authorized \$239,500 to pay for the Governor's Conversation with Oregon.

I don't object to essential spending for legitimate needs of government, but at a time when so many Oregonians are without a job, we could make better use of our limited funds than spending them running for re-election.

Sincerely,
(s) John L. Westphal

What does Christmas really mean, and what are we celebrating?

It's a wonderful time but I wonder, if we forget to remember;

The one who remembered you and the one who remembered me;

On a hill far away that fateful day, when He paid the price on Calvary.

Happy birthday, gentle Savior, Happy birthday, hear my plea;

Take my life Lord as a token, for they birthday means to me;

Life eternal, everlasting, peace on earth, good will toward men;

Happy birthday gentle Savior, Happy birthday, amen.

From all of us at the Gazette-Times.....

.....to all of you

Thank you for your business throughout the past year and have a very Merry Christmas and a wonderful New Year!

Welcomes citizens to District 57

To the Editor:

Effective the 15th of December the northern tier of Morrow County, including the communities of Irrigon and Boardman, became part of Oregon House of Representatives District 57 which I represent. (It was formerly part of District 59, represented by Mike Nelson of Baker.) The southern boundary of District 57 in Morrow County is roughly in line with the southern boundary of the Bombing Range, but I must admit that I have some more homework to do on the exact location.

I welcome the citizens of North Morrow County to District 57 and assure you that we are "open for business". With the

assistance of my wife Betty Lou, I maintain a full-time office at 240 E. Gladys Avenue in Hermiston. The mailing address is PO Box 121, Hermiston, OR 97838 and the phone number is 567-8638. Together, we handle many constituent complaints and problems with state agencies. It is not unusual to receive requests for help on federal issues, and we refer those to the proper US Congressman or federal agency.

Because we are close neighbors I have had many contacts from Morrow County residents since first elected, so I don't expect the future to be terribly different. I look forward to serving you and wish you a pleasant and rewarding holiday season.

Sincerely,
(s) C.R. "Chuck" Norris

Teach your children

To the Editor:

This being the Christmas season we believe we need to stop and think of others as we enjoy our families. Last Thursday, December 19, our nursing home residents went down to watch the second graders Christmas program. These second graders have been coming to the nursing home to visit the residents for the last two years. Residents have gotten to know these children, as the

children have gotten to know the residents.

We felt the reason for these visits was to make the elderly part of their lives. When you grow older you still need people of all ages to care for and to love. It takes a lot of effort for the residents to attend an outing such as this. So one question comes to mind, what are we telling our children when some people at last week's Christmas program became upset when residents were placed up front, so they are able to hear and see? The parents with video cameras became upset because the residents were placed in front of them. Understanding the fact these parents come early to take these movies of a lifetime of memories, we still need to remember what we are teaching our children about how we welcome and treat the nursing home residents.

(s) Tonya Jones and other concerned employees
