

## Arrow of Light award earned

Arrow of Light ceremony L-R; Kirk, Delia and Royal Robinson, Steve, Scot and Debbie McDaniel and (back) Jeff Wallace.

Two Heppner boys have received the highest honor that a cub scout can receive, the Arrow of Light.

Royal Robinson, the son of Kirk and Delia Robinson, and Scot McDaniel the son of Steve and Debbie McDaniel all of Heppner, received that honor on Monday, June 1 at the May-June pack meeting held at the Heppner Elks Club.

The Arrow of Light award is the only Cub Scout badge that the boys can take with them into Boy Scouts, and the only award that is recognized if they become adult Boy Scout volunteers. Scot and Royal are the first boys in two years to achieve the award. They

each completed requirements for 20 activity badges, many more than the minimum of eight.

The two, who are Webelos, will graduate into Boy Scouts next year.

A nature advancement ceremony was also conducted during the pack meeting. The scouts placed "leaves" on a bare tree. The leaves represented advancement and achievement awards.

The meeting also featured songs and skits, the Tiger Cub completion ceremony and other award presentations. Around 40 boys participated in the local scouting program.

## St. Patrick's Parish vacation school set

Religious vacation school for St. Patrick's parish will be held June 8-12 from 9 a.m. to 12:30 p.m. The theme for children age four through eighth grade will be "To Jesus Through Mary" and is a scripturally based, Christ-centered approach designed to give children an understanding of the basis for the respect and honor which Catholics have always accorded to Mary, the mother of Jesus. By examining and reflecting upon the person of Mary as portrayed in scripture, the

children are helped to understand Mary as the foremost model of Christian faith.

A variety of activities will make it a fun, meaningful experience. For a finale, the children will be taken to Lehman Hot Springs on Sunday, June 14. Permission slips are required for this event and are attached to the registration forms located in the entrance of the church. For more information contact Theresa Lindsay, 989-8468.

## Community choir concert slated

The South Morrow County Community Choir will hold their spring concert June 7 at 7 p.m. at the St. Patrick's Catholic Church in Heppner.

A variety of music will be performed to delight an audience of all ages. Selections will include an English-American sea chanty,

music by Brahms, Schubert's "Ave Maria" and music from the Walt Disney movie "The Little Mermaid".

The choir is under the direction of Bob Isted and Kathy Turner. Accompanist is Debbie Wryn. A reception will follow the program. Everyone is invited to attend.

### PUBLIC NOTICE

Irrigation Storage Water Available from Willow Creek Dam and Reservoir

The Bureau of Reclamation is taking applications from individual irrigators to enter into temporary contracts for the 1992 irrigation season for the use of water stored in Willow Creek Reservoir. All applications must be postmarked no later than June 11, 1992, and mailed to the Bureau of Reclamation, Attention: PN 440, 550 West Fort Street, Box 043, Boise ID 83724-0043.

The storage water is available to supplement existing water supplies on lands that are currently being irrigated. Each applicant should list the total quantity of acre-feet of water desired from storage for this season, the total number of acres to be served, the location of the land to be irrigated within each quarter-quarter section (a 40 acre tract), and the point of diversion from Willow Creek. If the total amount of stored water requested on the applications exceeds the total amount available, the total amount of storage water available will be divided by the total number of acres to be served and each applicant will be sent a draft contract for an equal amount of stored water per acre. All losses incurred in conveying the stored water from its release at Willow Creek Dam will be borne by contractors.

The contract cost of the storage water is \$8 per acre-foot along with a \$100 contract preparation fee. Payment is not due until a contract is submitted for execution. The above price of \$8 per acre-foot returns an appropriate share of the Corps of Engineers' construction, operation and maintenance costs to the United States. Each applicant is also required to contact the Oregon Water Resources Department in Salem to obtain a permit to divert storage water. The minimum fee is \$600 for a drought permit.

Applications must be submitted to the Bureau of Reclamation at the address given above, and postmarked by June 11, 1992. Any other views, comments or questions may also be submitted to this address or by calling (208) 334-1547. Published: June 3 and 10, 1992
