

### Governor Roberts reappoints Lewis

Keith Lewis and Debbs Potts of Grants Pass were reappointed to the Oregon State Lottery Commission by Governor Barbara Roberts.

Lewis retired from the Oregon State Police in 1982 after 27 years of service. In 1989 and 1990, he worked for the Oregon Lottery's security division. He now owns farmland in Heppner and the

Heritage Land Company, a real estate company. Lewis was appointed to the lottery commission in 1991 to fill an unexpired term. Pending senate confirmation, he will serve a new term ending in December 1996.

Potts, the lottery commission chair, was an Oregon State Senator from 1961 to 1984.

### School board accepts bus

The Morrow County School Board, at their regular meeting Monday night, voted to accept a donation of a travel bus from the Riverside High School Booster Club.

The North Morrow County delegation of around 50 people, led by Gary Neal, Port of Morrow manager, Dave Youngbluth, Riverside High School principal and Dalarie Philippi, however, made several stipulations to their donation.

The club specified that the bus is for the use of the Riverside High School students for travel to athletic and other Riverside High School student events and further stated that the bus is to be called and "appropriately painted and lettered the 'Riverside Pirate Ship'."

The club will donate the 1976 Prevost bus at no initial cost to the district. However, the district is to maintain the bus and pay all costs of operation, including fuel, driver's wages and other costs.

The donors stipulate that the Riverside High School principal and athletic director schedule the trips for which the "Pirate Ship" will be used. They added that the bus "might be considered for providing travel for students of other schools in the district when: travel requirements at Riverside High School are nil, travel requirements at other schools are extraordinary such as post-season competition and the above designated scheduling committee concur."

The RHS Boosters say that purchase of the 47-passenger commercial-type bus was prompted by the distances that the Riverside teams must travel since

RHS was moved up to the AAA league. The bus, which has a restroom and reclining seats, is to be funded through donations and fund raisers, say the boosters.

In other business, the board: -approved field trip requests to the Heppner High School band to travel to Ashland for a three-day band competition; to the HHS senior class for a graduation trip to San Francisco, funded by the students and fund raisers; to Lone High School history class to travel to Portland to attend the Anne Frank exhibit; and to IHS International Club to travel to London during spring break. The trip to London will be funded by fundraisers, donations and the students;

-approved resignations of Clair Costello, Columbia Junior High baseball coach; Benn Houk, CJH head basketball coach; Tom Bedortha, Lone High School girls' assistant basketball coach; and Bob Sagely, Heppner High School girls' assistant basketball coach;

-approved employment of Gerald Domagala, A.C. Houghton Elementary School third grade teacher; Clair Costello, Riverside High School assistant baseball coach; and Alan Haskins, RHS JV girls' basketball coach.

#### GRAZING ON PUBLIC LANDS

- Bob Smith supports grazing on public lands, and opposes an increase in the federal grazing fee, which would displace 5,000 family ranchers in the first year alone.

#### TIMBER

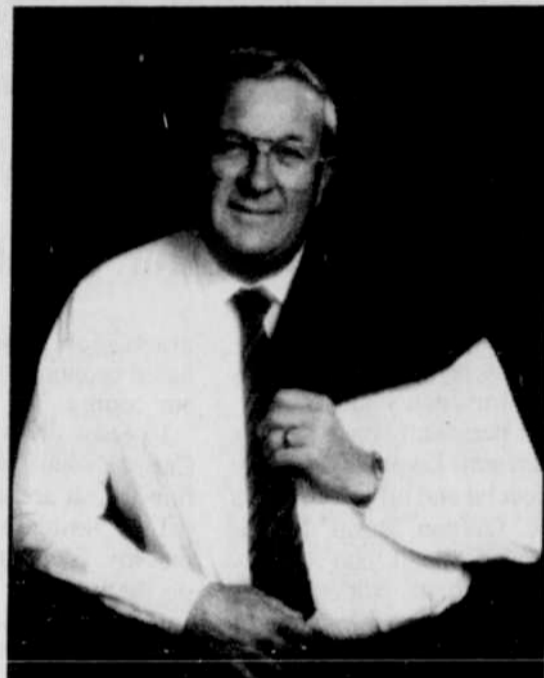

-Bob Smith believes jobs and the stability of timber-dependent communities should take precedence over preservationist measures. Smith leads the charge against legislation that would tie up millions of acres and cost Oregon 50,000 jobs. Smith has urged the Forest Service to salvage the dead and dying timber from forests, providing 8,229 family wage jobs, prevent forest fires, and improve forest health.

#### ENDANGERED SPECIES ACT

-Bob Smith introduced a proposal that would protect the owl and save 11,000 jobs in Oregon. Smith feels it is time we made people as important as fish and birds.

#### HEALTH CARE

-Bob Smith is fighting to control medical costs and provide affordable health insurance to everyone. Smith is opposed to a government-run medical system, with the compassion of the IRS and Pentagon prices. Smith introduced legislation to bring quality health care to rural areas, and cosponsored a health care plan to provide medical insurance for 20 million Americans.
