

Come Together For A Better Morrow County

Here's your chance to actively support the future of your community. We urge you to come to a public hearing on Thursday, October 28 to show the Energy Facilities Siting Council your support for the Coyote Springs Cogeneration Project. Your attendance at this meeting is important because:

- *Coyote Springs is good for the region. It will help build a foundation for long-term economic growth.*
- *Coyote Springs will attract a diverse economic and industrial base—helping build economic stability in the region.*
- *Coyote Springs will create a larger tax base in Morrow County to help pay for vital community services.*
- *Coyote Springs encourages economic growth and that brings good jobs to Morrow County.*

...and because your show of support is critical to state approval of this project.

Join us Thursday, October 28 at 7:00 p.m. in the Riverside High School auditorium, 210 NE Boardman Ave.
