Letter to the Editor

OCA deserves to be encouraged

To the Editor:

There seems to be a lot of mixed up people around us and one of the reasons is they are leaving out God and His good biblical principles.

The Girls' Scouts of America recently decided to take the word God out of their pledge. I was a girl scout leader for 17 years and all during that time I enjoyed God's care and blessings. GSA claims it is changing in order to serve girls with other Gods. Let those with other Gods form their own organizations.

Regarding biblical principles, the Bible says to spare the rod and spoil the child (Proverbs 13:24). We are sparing the rod now and it is easy to see what is happening with children who are not made to mind. They are rebellious at home and in school.

During the 19 years I taught school, teachers were allowed to spank when all else failed. In my last two years of teaching I only had to spank one child and that

was for open defiance. The principal, the child and I went into a separate room where the principal read him the law out of a book and I spanked. The next day his grandmother phoned and thanked me, saying he had been needing that for years.

Now we have an organization that is promoting good biblical family values, love of life, and even fairness in property rights. The Oregon Citizens Alliance deserves to be heard and encouraged.

The Lake County Examiner recently relegated an article about it to page 12, while on page one it featured a meeting that was pushing to create an additional tax to our already overburdened pocketbooks.

The OCA is a worthwhile and much needed organization. I praise the Lord for it.

Items For Your Medicine Cabinet

Pharmacists get asked questions about which items should be stored in the home medicine cabinet. Most medicine cabinets are crammed full of things that are outdated or are no longer useful. Talk to us about which items should be thrown away and how to safely dispose of them. Families may need to keep some or all of the following medicines:

Ipecac syrup is essential if there are small children in the household. Ipecac causes vomiting and may be lifesaving if certain poisons are swallowed.

Topical antibiotic ointment helps fight against infection when the skin is broken or cut. Ask us for help in selecting a single or multiple ingredient product.

Pain relievers include aspirin, ibuprofen, and acetaminophen. Each has its own advantages.

Hydrocortisone is a topical medicine that helps reduce inflammation and itching that occurs with skin problems and hemorrhoids.

Depending on the ages and specific needs of family members, the home medicine cabinet should contain other items. These may include a fever thermometer, tweezers, bandages, and antiseptics. Seasonal items include sunscreens, insect repellents, and cold medicines.

Obituaries

Roberta Miller-Georgeson
Memorial services for Roberta Gail "Bobbie" Miller-Georgeson were held Friday, Oct. 29 at the Burns Mortuary Chapel in Hermiston.

Mrs. Miller-Georgeson, 47, died Monday, Oct. 25, 1993 at her home in Umatilla.

She was born Feb. 21, 1946 at Yakima, WA. to Robert Paul and Lauramay Romig Miller.

She worked as a bookkeeper for 30 years and had lived in Umatilla for 15 years.

Mrs. Miller-Georgeson loved animals and donated to several organizations for helping animals of all kinds. She enjoyed horseback riding, boating and she liked to collect antiques.

She is survived by her husband, Elmer Georgeson at the home; mother and stepfather Lauramay and Jack Crutchfield of Heppner; sons Mark and Larry Georgeson, both of Fresno, CA.; daughter Debbie Landers of Fresno; sister Peggy Fishburn of Heppner and three grandchildren. She was preceded in death by her father.

Memorial contributions may be made to Pet Rescue, 1685 N.E. Second, Hermiston, OR 97838. Burns Mortuary of Hermiston, was in charge of arrangements.

Chamber Chatter

By Claudia Hughes, Chamber Manager

Many times over the years the question of tourism in south Morrow County has been debated. Some are sold on the idea to offer visitors in a setting "where rural is for real", while others are not sure how it would impact our quality of life socially and financially. We do know that more and more visitors are coming our way as indicated by records at the Morrow County Museum.

Heppner now has the opportunity to learn answers to their tourism potential as the community was selected to participate in the Oregon Rural Tourism Development Project, a three-phase program. Once an assessment has been made and the implications are understood, a decision will be made jointly by this community and the project sponsors whether we proceed. Interested persons who would like to be involved in this three-month project may call the Chamber office 676-5536.

1994 Town and Country Day is scheduled for January 12, 1994. The committee has been meeting to determine a theme and topics of interest. It's not too soon to be thinking of nominees for Man, Woman, Educator and Business of the year. Applications will be ready next week, so give the chamber office a call if you'd like to receive a nomination form. Heppner and Morrow County have many deserving citizens who work hard behind the scenes to make things happen. Let's recognize them.

Next week's chamber program speaker is Marilyn Geo with the Hanford Information Network.

Thought for the week: Here are three thoughts on the middle of the road, take your pick. "The middle of the road is where the white line is and that's the worst place to drive," Robert Frost;

"We know what happens to people who stay in the middle of the road, they get run over," Aneurin Bevan; "The middle of the road is all of the usable surface. The extremes, right and left, are in the gutters," Dwight D. Eisenhower. (Just goes to show you why at sometime or another every meeting needs some conflict management training.)

November 7: Morrow County Sheriff's office dispatched the Boardman ambulance to a residence in Boardman for a man with an unknown illness. One person was transported to Good Shepherd Community Hospital in Hermiston;

Morrow County deputy delivered an emergency message to a hunter in the south end of Morrow County.

November 8: Morrow County deputy assisted a citizen on Faler Road who was locked out of his residence;

Morrow County deputy responded to Rt. 1, Kunze Road, Boardman, to take a report of a saddle that was stolen from Alberta Akers. Amount of value of the saddle was unknown;

Morrow County Sheriff's office dispatch notified the United States Forest Service of several reports of a forest fire approximately one mile off the 21 road near Stahl Canyon.

November 9: Morrow County deputy responded to investigate the report of suspicious circumstances on 9th street, Irrigon. Call was unfounded;

Morrow County Sheriff's office dispatched the Boardman ambulance to a four car pile up on Highway 730, just near the rail road overpass. Several people were transported to Good Shepherd Community Hospital in Hermiston. Amount of injuries were unknown.
