The tax laws are rarely black and white. When mixed, black and white turn to gray, much as the tax laws have become in recent years. When you find yourself in the gray, consult a certified public accountant. A CPA can prepare your tax return and formulate a tax strategy that will minimize the tax impact on your income, investments and estate.

Get back in the black and consult your CPA. If you need a referral or a brochure explaining our cost-free CPA Referral Service, call us at 1-800-255-1470. And this year, give the taxman just what he deserves.

The Lone 21st Century School Site Council met January 27 and Feb. 9. Lone school was one of 342 Oregon schools to receive state grant money out of the 465 that applied.

Council chair, Dean Robinson, attended an informational workshop conducted by the State Department of Education in Salem Feb. 1 and Linda Jones attended an Oregon Education Association training session on site councils Feb. 5.

Council members will use this information to help meet the state goals for 21st Century Schools. Robinson reported that the cer-

tificate of initial mastery outcomes for high school students have been adopted by the State Department of Education. Certificate of advanced mastery will follow later. These are to be implemented by each school in the state.

The site council discussed ways to share information with all school personnel, parents and community members. Meetings for this purpose will be held soon.

The next council meeting will be March 9 at the Lone elementary school at 3:45 p.m. These meetings are open to the public.
