SUPERIOR COURT OF THE STATE OF CALIFORNIA, CITY AND COUNTY OF SAN FRANCISCO, NO. 78948
SUPERIOR COURT OF THE STATE OF CALIFORNIA, CITY AND COUNTY OF SAN FRANCISCO, NO. 94518
IN RE: COORDINATED PRETRIAL PROCEEDINGS IN PETROLEUM PRODUCTS ANTI-TRUST LITIGATION

NOTICE OF PROPOSED DISTRIBUTION

TO: (1) THOSE POLITICAL SUBDIVISIONS OF THE STATE OF OREGON, INCLUDING WITHOUT LIMITATION, SCHOOL BOARDS OR DISTRICTS, COUNTIES, CITIES, MUNICIPALITIES, GOVERNMENTAL ENTITIES AND SPECIAL TAXING DISTRICTS, IN OREGON, THAT PURCHASED MOTOR GASOLINE OR OTHER REFINED PETROLEUM PRODUCTS FROM ANY PERSON OR ENTITY IN THE STATE BETWEEN JANUARY 1, 1950 AND DECEMBER 31, 1992; AND

(2) ALL NATURAL PERSONS NOW OR PREVIOUSLY RESIDING IN OREGON, WHO PURCHASED MOTOR GASOLINE OR OTHER REFINED PETROLEUM PRODUCTS AT RETAIL SERVICE STATIONS OR OTHER RETAIL OUTLETS IN THE STATE BETWEEN JANUARY 1, 1950 AND DECEMBER 31, 1992; AND

(3) ALL BUSINESSES (EXCLUDING DEFENDANTS IN THESE ACTIONS, THEIR PREDECESSORS, SUBSIDIARIES, OWNERS, PARTNERS, DIVISIONS, OR ANY OF THEIR RESPECTIVE SUCCESSORS, ASSIGNEES, REPRESENTATIVES, DIRECTORS, OFFICERS, OR EMPLOYEES) OR OTHER ENTITIES NOW OR PREVIOUSLY EXISTING IN OREGON, THAT PURCHASED MOTOR GASOLINE OR OTHER REFINED PETROLEUM PRODUCTS AT RETAIL SERVICE STATIONS OR OTHER RETAIL OUTLETS IN THE STATE BETWEEN JANUARY 1, 1950 AND DECEMBER 31, 1992.

PLEASE TAKE NOTICE that all claims that the State of Oregon has brought on your behalf in these cases have been settled and all settlements have received final approval from federal and state courts where the cases were filed. The courts have authority to decide the issues following settlement including the award of court costs and attorneys' fees and the distribution of settlement funds. Oregon's proposal to distribute the settlement funds is summarized below. Your rights as a member of one of three classes described above may be affected by the plan of distribution of the settlement funds.

THE SETTLEMENTS

Between 1981 and 1993 Washington, Oregon, California, and Arizona entered settlement agreements with several oil companies to settle legal charges concerning the price of gasoline and refined petroleum products sold to the states and classes. The funds recovered in settlement of the states' and class member claims totaled \$140,007,042 as of September 30, 1993 and funds are in accounts accruing interest. Oregon has allocated funds recovered in Oregon's settlements with Gulf Oil Corporation in 1982 and Phillips Petroleum Company in 1985. Oregon has also been allocated at 7.25% of the settlement funds recovered in settlements between the four states and Exxon Corporation, Chevron Corporation, Mobile Oil Corporation, Shell Oil Company, Atlantic Richfield Company, Texaco, Inc., and Union Oil Company of California. After the deduction of costs and attorneys' fees, Oregon's share is approximately \$8,500,000.

COSTS AND ATTORNEYS' FEES

In orders approving previous settlements, the courts authorized Oregon and the other states to apply for its litigation costs. Lawyers for the states and class members were authorized to apply for an award of attorneys' fees. A portion of the settlement funds have been used to defray the costs of giving notice of the settlements and certification of the classes as well as the states' substantial part expenses of pursuing their claims against the defendants. The court has ordered awards of attorneys' fees and reimbursement of litigation costs as follows:

The Court has ordered a total award of attorneys' fees in the amount of \$29,449,020. The Court has ordered that the Oregon Attorney General be awarded \$1,590,000 of the total award, plus its share of interest earned from September 30, 1993 to the date of distribution.

Oregon has been awarded \$822,182.67 in reimbursement of litigation costs and \$69,428.45 in reimbursement of publication costs incurred in notifying class members of the settlement agreements and the class certification order. Oregon will apply for an order awarding reimbursement of publication cost incurred with this Notice of Proposed Distribution.

These awards have been and will be paid from the sums recovered to settle all plaintiff states and all states' class members' claims.

OREGON'S PROPOSED PLAN OF DISTRIBUTION

Oregon proposes to distribute its share as follows:

Government entity distribution: 12.4% of Oregon's share will be directly distributed to Oregon state and local government agencies, based on the number of publicly owned and publicly leased vehicles assigned to each agency and registered with the Oregon Department of Motor Vehicles. Notice of the awards will be given by first class mail.

An additional 2% will be set aside to pay supplemental claims and to administer this part of the Oregon Plan. Supplemental claims, based on documentation showing unaccounted-for vehicles, will be administered by the Oregon Department of Justice which will determine whether supplemental claims will be paid.

Distribution awards will be paid to administrators of each local entity and will be consolidated whenever possible; i.e., consolidated state agency awards will be paid to the Department of Administrative Services.

Consumer distribution: 85.6% of Oregon's share and any residue from government distribution will be distributed through a public purpose grant program to be administered by the Oregon Attorney General with the assistance of the state and local government agencies and representatives of the public. Government entities may apply for grants for a list of court-approved projects that promote highway safety, assist transportation of school children, elderly and the disabled, preserve the transportation infrastructure, fund vehicle emissions programs, and/or assist mass transit. Grant money will be obligated within two years of the final approval of the Oregon plan and expended within three years of obligation. Costs of administration of the grant program will be reimbursed in an amount of up to 3% of the funds distributed as grants, but will not be deducted from the grants.

Approximately \$330,000 received from 1982 and 1984 settlements and any residue from the grant program will be distributed to the Oregon Department of Justice to fund future consumer protection and anti-trust education and enforcement efforts.

OBJECTIONS

Any class member may object to the court's award of costs or fees, to the proposed allocation of the settlement fund to Oregon or Oregon's plan of distribution described above. You must send written notice of your objection and state in it all grounds for your objection. You may propose an alternate plan of distribution in your written objection. You must send your notice of objection or alternate plan of distribution to:

Clerk of the Court, Attn: MDL 150 AWT, 312 North Spring Street, Los Angeles, CA, 90012

and to:

THEODORE R. KULONOSKI, Attorney General, c/o Andrew E. Aubertine, Assistant Attorney General
Oregon Department of Justice, 1162 Court Street NE, Salem, OR 97310

The federal court has scheduled a hearing to determine whether Oregon's proposed plan of distribution should be approved. This hearing will be held on October 11, 1994 at 3:00 p.m., 312 North Spring Street, Los Angeles, California before the Honorable A. Wallace Tashima. Although your written objection is sufficient, you can be heard at this hearing if you file an objection. Class members who do not file written objections by September 21, 1994, will not be heard.

Words cannot begin to express my heart-filled thank you to all the many wonderful people in this community, for the kind and loving support given to my family at the time of Larry's death. The flowers, the cards, and the food that was sent was most appreciated.

I would especially like to thank Dr's Ed and Jeanne, the EMT's and the staff at Pioneer Memorial Hospital for all that they did.

To the Oregon Trail Pro Rodeo Committee, the tribute to Larry was the best. I know he enjoyed working with all of you.

He was a good friend, a great Dad and a wonderful, loving husband, and will be truly missed by us all.
