

Reaney clan gathers at Vancouver

Descendents of Andrew and Margaret Reaney gathered at Lewisville Park, north of Vancouver, WA, September 3, to honor the firstborn grandchild of this Lexington pioneering family.

Andrew "Andy" Baldwin, approaching his 92nd birthday, now lives at Philomath. Andy was the first born of Nellie Reaney and her husband, John Sheldon "Shelley" Baldwin. The Baldwin family came from Heppner. Shelley's mother was Lucinda Ellen Duran of the Heppner area. Andy had one brother, Elmer, now deceased, and one sister, Olivia, now at a nursing home in New York state. Andy had one son, James and one daughter, Marlene by his first wife Eva Estelle Hiatt Baldwin. James "Jimmie", lives at Sweet Home. He brought his dad to the reunion.

Every 30 or 40 years an effort is made to gather this family together. The first reunion was in 1921 at the "Creek Ranch", about a mile below Lexington. All of Andrew and Margaret's children, two sons and seven daughters, their spouses and children attended, along with cousins of Andrew and Margaret. Andy, Baldwin and his brother, Elmer, were teenagers and got to stand in the back row with the men at picture taking time. Twelve other cousins were in the picture.

In the summer of 1961 Lawrence Reaney, the seventh child of Andrew and Margaret, "rang the bell" in honor of his five living sisters and all the Reaney descendents: Hattie Reaney Lee, Bella Reaney Phelps, Mary Reaney Luntsford; Hazel Reaney, Budden; and Edith May Reaney, Miller of Lexington. Andy and his brother Elmer stood in the back row for a group picture looking over the 70 plus Reaney family.

This year's "bell ringing" was by Robert R. "Bob" Reaney, the fifth child of Lawrence Reaney now living in Lexington and researching and writing the Reaney Family Historical Book.

Andy sat in the front row this time with the rest of his generation. They included brothers, Bob, Lexington and John Reaney, Hillsboro and their three sisters, Gladys Reaney Hewitt of Salem, Joyce Edith Reaney, Woolf, Portland, and Jean Hazel Reaney Hobson, Coquille.

Grace Lois Reaney Bryan, the only daughter of Emslee "Lee" Reaney who was the firstborn of Andrew and Margaret, came with her daughter and family. Ynola Lee Williams, the second daughter of Mary Reaney and Tom Lee attended, with one of her three sons.

Nearly all of this generation, 24 altogether, was also born in Morrow County, in Lexington.

The youngest Reaney at this reunion was three year old Cody Reaney, who came with his father Eric from Sumner,

WA. and his grandfather Max Reaney from Alameda, CA. Max is the second son of Cedric Reaney. Cedric was the firstborn of Emslee "Lee" Reaney at Lexington.

Lots of food, hugs and old family love made for a wonderful day, said a spokesperson.

Bob Reaney reported on the progress of the family research and all were amazed when they found they were blood related to so many pioneering families of Morrow County. This came about through Thomas and Catherine Reaney, the parents

of Andrew Reaney (sometimes spelled Raney). Thomas and his son Andrew had a livery stable in Lexington at the time Morrow County was divided from Umatilla County. That stable was burned in 1887 by the same arsonists that burned the rest of Lexington. Thomas's sister Nayoma, and Catherine's sister's descendents married into the following families: Ben Cox, Harvey Parkins, Coy Thornburg, Howard Lane and Effie Booher. "It is hoped little Cody Reaney will someday ring the bell," said Bob Reaney.

Program to assist in groundwater

A program to help rural homeowners protect the groundwater that supplies their drinking water will be offered in Morrow County on Wednesday, Oct. 19, from 7 to 9 p.m. at Riverside High School, 210 N.E. Boardman Ave. in Boardman. Rich Topielec, Oregon State University Extension agent, will conduct the program, along with Gary Burnett from the Oregon State Health Division. The program is targeted to homeowners with private wells.

The program will explain groundwater movement, well dynamics, pollution problems, and water tests procedures. It will also introduce participants to the Homestead Assessment System (Home*A*Syst) which

uses a series of nine factsheets and 11 worksheets to help people understand how to site a well, assess the present condition of their well, and protect their water's purity. The factsheets and worksheets address the handling of fertilizers, fuels, pesticides, animal waste, and household waste water to avoid well water contamination.

There is no charge to attend the meeting, however the complete packet of Home*A*Syst materials costs \$12 for those wishing to purchase it. Registration is optional but is helpful in planning for sufficient handout materials. For more information contact the Morrow County Extension Office at 503-676-9642 or 1-800-342-3664.

Letter to the Editor

To the Editor

Ballot initiatives can be a good part of our democratic process in Oregon. But lately it seems like too many narrow interest groups are trying to use them to pass bad laws.

A case in point is Measure 14, which we urge the readers of The Heppner Gazette-Times to study carefully. Measure 14, promoted by a small extremist group called STOP'M, was drafted in secret with no public hearings or debates.

Oregon already has a tough, new environmental mining law, a law supported by business, agriculture, and environmentalists. Measure 14 would throw out this tough but balanced mining law, and replace it with STOP'M's extreme, unbalanced law.

Measure 14 would basically throw future mining decisions into an endless series of costly court battles.

Oregon Taxpayers for Economic and Environmental Balance is a committee of over 1,000 Oregonians urging a no vote on Measure 14, it's a bad law.

We invite all the readers of The Heppner Gazette-Times to join us in defeating Measure 14. To get more information or to become a member, call or write us at the Oregon Taxpayers for Environmental and Economic Balance Committee, P.O. Box 8639, Portland, OR 97207 (phone: 503-221-7031).

Sincerely,
(s) Gil Johnston
Campaign Coordinator
P.O. Box 8639, Portland

Time for new 4-H members

National 4-H Week is October 2 thru 8. This marks the beginning of the new 4-H year. This is also the time of year we recruit new members and leaders.

A 4-H showcase will be October 23 from 2:30 to 4 p.m. at Riverside High School in Boardman. This program is to show any potential 4-H

members what 4-H is all about. Immediately following will be the 4-H Achievement Night Dinner and Recognition Program. The potluck dinner will be held from 4 to 7 p.m. Anyone with an interest in 4-H is welcome to attend both events.

For further information call Bill Broderick at 676-9642 or 1-800-342-3664.
