Lady Cards beat Condon

By Anne Morter

The lone lady Cardinals cruised past a struggling Condon squad last Tuesday, Oct. 25, on the lone home court, 15-3, 15-7. When the two teams met last, Condon put up a fight, forcing three games before falling to lone. This time, the lady Cards were ready for a tough one that never materialized.

Coach Charity McElligott thought the lady Cardinals' effort was a good one, noting that the team serving percentage was back up to 92 percent after a slide last week. She also felt the team work aspect was clicking. "We played pretty good team ball," she said.

Mary Jane McCarty led the

team in scoring with 11 points on perfect 14 of 14 serving. Jessica Stefani added seven points on 9-11 serving and Kim Bedortha scored four points on seven perfect serves.

Allison Sullivan paced the team in the back row with 100 percent serve receives on five attempts. The team tallied 100 percent blocking led by Suzie Heideman with two stiffs. Sullivan and Melissa McElligott also each had a stuff.

McCarty led the team with 15 assists and Lyndee Minster pitched in with eight. Both girls were 100 percent in setting.

McElligott led at the net with 10 of 12 hitting and two kills. Heideman was six for eight at the net with two kills.

Mark Dowdy named who's who

Heppner High School language arts teacher, Mark Dowdy is among a select group of American's teachers who are being honored by their toughest critics, their former students, in the third edition of "Who's Who among America's Teachers, 1994".

Other county teachers so honored include Frances Glenn, Riverside High School, Ron Mack, A.C. Houghton Elementary, and Jerry Martin, Columbia Jr. High.

All of the 66,500 teachers being honored were selected by their former students who

themselves are currently listed in Who's Who Among American High School Students, or The National Dean's List, publications which recognize the top five percent of our nation's high school and college students respectively. Paul Kroase, publisher of Who's Who among America's Teachers said, "There is no greater honor teachers can receive than to be recognized by former students for their excellence and dedication. In this publication we clearly have the best teachers in America selected by the best students."

The students were requested to "nominate teachers who 'made a difference in their lives' by helping to shape their values, inspiring interest in a particular subject and/or challenging them to strive for excellence. Many of the students commented about the enthusiasm and knowledge their teachers demonstrated in the classroom, and many praised their teachers for their ability to relate to youngsters on a personal as well as a professional level. One student wrote about her teacher saying, 'she made education something pleasurable, instead of a dreadful ordeal, by letting me spread my wings and showing me the best way to fly.'"
