Letter to the Editor

Our duty to provide decent education

To the Editor:
This letter is written in support of the upcoming Morrow County School District bond levy. This March may be our last time to fund our schools the way we are used to. I think the school board has done a good job in cutting costs and scaling back, but enough is enough. We as parents need to provide a decent education for our children. It is our duty and their right.

My dad recently retired after 29 years in Morrow County School System and I am proud of his accomplishments and dedication to our children. If we want to keep that kind of dedication, we need to keep our school system and the quality we have now. Morrow County is a good place to live and raise children. Let's keep it that way. Please join me in voting yes in March.
