

Friday school plans 4-H teen conference planned closing ceremony

A special day of closing for the 1994-95 "Friday School" year will be observed on June 9, at Hope Lutheran Church, Heppner, from 10 a.m. to 1 p.m. A festive worship hour and class time will be held from 10 a.m. to noon.

A picnic lunch and closing ceremonies will begin at noon. Parents, staff personnel, children and those who have helped in the program are encouraged to join the picnic and ceremonies. Those attending should bring their own lunch.

The steering committee of Vicki Broden, Dr. Jeanne Berretta, Father Al Miller and Pastor Stan Hoobing say they appreciate all the children who came during the year, the parents who actively supported the program and those who freely gave of their time and energy to staff the program. "It was a huge success," said Pastor Hoobing.

You may have heard of summer church camps, summer sports camps, summer health camps, summer computer camps, and even summer space camps. Oregon State University, the state 4-H Youth Development office, and county 4-H Extension offices throughout the state are sponsoring a conference for teens that focuses on the future. Improving it, that is.

Teens who have completed grades 7-9 are invited to attend a four-day training in Corvallis, on July 11-14, to learn about themselves and how to improve both their own individual future as well as improve their community. These teens will participate in an all-day leadership training, talk to experts about possible careers of the future, learn about opportunities to take part in community service projects and just have fun.

At the conclusion of the training, teens will meet with other

teens in their community and decide on a way they might improve things at home. They will then plan steps to implement their program. To assist, the 4-H Foundation, with funds from the Chevron Community Pride program, will offer groups up to \$200 to carry out their project.

"All too often, we only hear negative stories about young people," said Bill Broderick, Extension agent. "The fact is that most young people do care about their communities and do want to make a difference. I am hoping that this new program at OSU will be the start of a life-long pattern of successful community involvement."

For some young people, just being on a college campus will be an adventure. They will stay in dormitories, eat college cafeteria food, tour the campus by way of a scavenger hunt, talk with career counselors at OSU, and get the opportunity to use some of the campus recreational facilities.

Just because the conference is educational does not mean there will not be a lot of fun. There are lots of interactive exercises planned to help the kids get to know each other. Hopefully the young people will leave the OSU campus with new dreams, new skills and new friends, said Broderick.

Registration will be through the Morrow County Extension office. Registration fees cover all expenses, including dorm space, meals, and material. Transportation plans have not been finalized. If a bus cannot be provided at a reasonable cost, parents will be responsible for transportation to and from OSU.

The total cost for this conference is \$110. Scholarships will be available with the amount depending on the number of participants and the cost of transportation. A final dollar amount will be available after everyone has registered. For more information, contact Broderick, 676-9642 or 1 800 342-3664.

REQUEST FOR COMMENTS SUBSOILING FOR SITE PREPARATION FOR PLANTING AND TO CONDUCT MECHANICAL THINNING OF IMMATURE LODGEPOLE PINE STANDS ENVIRONMENTAL ASSESSMENT

The Heppner Ranger District of the Umatilla National Forest has completed an Environmental Assessment for subsoiling for planting and natural regeneration, and the mechanical thinning of immature lodgepole pine stands. Site preparation of approximately 455 acres is proposed for artificial regeneration, 900 acres for natural regeneration, and 1780 acres would be mechanically thinned. Project locations are located within existing timber sale units distributed across the District. Past harvest activities have resulted in compacted soil conditions within these areas which make regeneration difficult. The implementation of this project would relieve soil compaction and improve tree seedling establishment. Mechanical thinning would increase tree growth rates and stand vigor. The subsoiling activities are proposed within the existing harvest of the following timber sale areas:

Arbuckle Lodgepole Pine (LP), Biffy LP, Big Mac LP, Brush LP, Buffalo LP, Chips Ahoy LP, Coal LP, Colvin, Davis, Dry Swale LP, Ducky LP, Elkhorn, Elkhorn Springs LP, Finale LP, Gilbert LP, Groshen LP, Herren, Hunter LP, Jackpot LP, Mallory LP, Pickup LP, Pole Creek LP, Porter, Prairie LP, Skosh LP, Spring LP, Suffering LP, Sugar Daddy LP, Swale LP, Tag End LP, Texas LP, Tin Bonnet LP, and Wilson LP.

Written comments regarding this project should be addressed to Delanne Ferguson, District Ranger, Heppner Ranger District, P.O. Box 7, Heppner, OR 97836.

We would like to thank everyone involved with the Little League field dedication. Naming the field in his memory is a great memorial to George. Thank you to Robin Graff and his lone students for creating the sign and to Jim and Donna Roy for putting it up. Thank you too, Donna for all the hard work you did organizing everything. Thanks to Rollie Marshall for his kind words at the dedication.

A very special thanks to all of you who played in the Little League golf tournament and for the gift of money you made to our family. Thank you to both Heppner teams, the Pirates and the Braves. You are all great kids and have worked very hard this year. I know this has been difficult season for many of you too.

To Sam Bellamy, John McCabe and Doug Lowe, not only do I thank you, but the whole team thanks you. I know how hard change is and the void left by George is hard to fill. Your dedication and commitment to our team is greatly appreciated. Remember there's an angel in the outfield and I know he's smiling.

Thank you,
