

### Youth football program to be organized

Heppner High School football coach Greg Grant is in the process of organizing a youth football program in south Morrow County for fifth and sixth graders.

A meeting to determine the schedule and other considerations is in progress at press time and coaches are being trained by high school staff, Grant and Les Payne.

Grant said that the program will have special rules and weight limits for carrying the ball and limited punt and kick situations. Practices will also be limited in number and duration, he said. Grant said that they wanted a four game season that would end in mid-October at the latest. The number of teams depends on the turnout, but Grant estimates around two.

"The main goal is to provide a positive experience in developing attitude, discipline and good sportsmanship amongst each other," said Grant. "We want these kids to start learning to work together in positive ways as early as we can. If they enjoy the game of football and learn a little that's okay, but our main goal is to develop good attitudes and a healthy competitive spirit in a low-key atmosphere."

"I would love to see these kids play under the lights in front of a crowd at half-time," continued Grant. "Everyone would love that and it would be a highlight of their experience."

All players interested in youth football are invited to attend the South Morrow County Football Camp Aug. 7-11 from 4:30 to 7:30 p.m. at Heppner High School.

Cost of the camp is \$25 which will include a hat or T-shirt.

For more information about the camp or the youth program call Grant at 676-5257 or Heppner Junior High, 676-9138. Registration forms are available at Heppner High School or Murray Drugs in Heppner and Lone High School.

Proceeds from the camp will be used to provide equipment for the South Morrow County Youth Program.

### Boss' counter offer continued from pg 1

The board tagged a provision on the increase that would require a comprehensive audit of the clinic's funds to be completed by March 1, 1996. The addendum specified that the health district would pay for the audit, which would be completed at the clinic, and Dr. Boss would pay for any additional staff time for completion of the audit.

The health district owns the clinic and Dr. Boss is paid a stipend to operate it.

Also at the meeting, the board authorized chief executive officer, Kevin Erich, to start putting together a proposal for a new contract for the Boardman Health Care Center which the new district could afford.

In other business, the board: -agreed to authorize Erich to pursue a contract with physician's assistant (PA) Dave Jones for providing services for a proposed Irrigon health care clinic. The motion also included asking Heppner physician, Dr. Jeanne Berretta to be supervisor of the PA.

-interviewed three candidates, Gaylin Fickel, Jim Hankins and Gene Allen, for the board position left vacant with the resignation of Roger Cash, Boardman. They also

heard John Prag and Ray Michael, both Boardman, testify for Gene Allen's appointment.

John Edmundson, Heppner, a member of Boardman and Heppner Chamber of Commerce, went on record opposing the Boardman Chamber's method of endorsing Allen. He said that while Allen may be the best candidate, only the Boardman Chamber's board and not the membership approved the endorsement.

-learned of some opposition to the building of an ambulance garage on the corner of Gilmore and Pioneer streets in Heppner. The board indicated that they would be willing to work with the parties involved in the complaints because establishing the garage at that location was most feasible economically.

-was favorable to a proposal which would provide mobile mammogram screenings at various towns in Morrow County.

-set a conference call meeting for Aug. 23 at 8:30 p.m. to appoint a new board member to replace Roger Cash.

-heard a report from Dan Grant that cash is up over the previous month's figures.
