Along with their high powered offense the Mustangs played tough defense to seal the win, holding Stanfield's top scorers, Mark Newman and Josh Baker, to 10 and 15 points on the game. Heppner led the Tigers by 20 at the half.

Adam Doherty burned the nets from long range to finish with 18 points, and Dan Burnside had his most productive game of the season, knocking down 13 points in the win.

## ATTENTION

ALL EMPLOYERS INSURED BY THE STATE ACCIDENT INSURANCE FUND CORPORATION ("SAIF") AT ANY TIME BETWEEN JULY 1, 1981 THROUGH SEPTEMBER 2, 1982

You May Be Eligible for Relief from a Pending \$225 million Class Action Settlement

The class action settlement is now pending in the Circuit Court of the State of Oregon, Marion County. You may be a member of this class and thus eligible for monetary relief as part of the pending settlement, but only if you were insured by SAIF at any time between July 1, 1981 and September 2, 1982.

The class action was brought by employers insured by the SAIF who claim, among other things, that they were damaged by the State Legislature's transfer of \$81 million from the Industrial Accident Fund to the State's General Fund in 1983.

If you are found by the Court to be a member of the class, you are eligible to be considered for relief provided under a proposed settlement agreement amounting to \$225 million. **Not all members of the class will receive monetary relief.**

If the Settlement Agreement is approved, the Court will order that the Class be a mandatory class and that you will not have the right to ask to be excluded from it or to pursue your own litigation.

A hearing by the Court to approve the settlement has been scheduled for February 26, 1996 in the Marion County Circuit Court, Salem, Oregon.

If you choose to appear at the hearing, you may be represented by the plaintiffs' attorneys at no expense, or you may employ and be represented by your own attorney at your own expense.
