

## New crosswalk in place at HES

Dave Gunderson's sixth grade math class works on Heppner Elementary School crosswalk project.

The Heppner Elementary School (HES) Site Council and HES children felt that the crosswalk between the elementary and middle schools was unsafe, so they decided to do something about it.

Upon the recommendation of the council, the HES sixth grade math class, under the direction of teacher Dave Gunderson, worked out a plan for a new crosswalk.

"I really didn't do that much," said Gunderson, "I wanted them to use the skills

they learned in school. Their job was basically to design a parallelogram that fit in the space. It was really their deal."

Gunderson said that the 21 students in his math class used a lot of geometry and measuring. Once they finished their measurements, they went back to their classroom and came up with the final project. After their final draft, the city of Heppner painted the crosswalk for them, which is wider and has bolder lines than the previous crosswalk.

## Rural Life Sunday at Hope, Valby

Rural Life Sunday will be observed June 9 at the worship service of Valby and Hope Lutheran churches. Services are 9 a.m. at Valby, lone, and 11 a.m. at Hope, Heppner.

Rural Life Sunday originated in the Christian Church in the middle of the fifth century in the village of Vienne, France, after it was destroyed by earthquakes, fire, rioting and looting. A Roman Catholic bishop called the people to observe a

solemn fast and make public supplication as an atonement for their sins.

Over the years, this festival has developed a three-fold emphasis: petition for forgiveness of sins, petition for protection from calamities, and petition for bountiful crops.

"Today in small town and rural churches, it is an opportunity to focus on seedtime, planting and petitions for an abundant harvest," said the Reverend Stan Hoobing. "Some churches have big processions through fields and farms with hymns, scripture readings and prayers to rejoice in the Good News of God."
