

What is 4-H?

4-H is about friends, fun and learning about nature, cooking, growing plants, photography, animal care or working together to help others.

Who can belong to 4-H? Anyone kindergarten through 12th grade. You'll find 4-H throughout your county, state, country, the world. In Morrow County, there are over 200 members.

Look what you can do in 4-H: members are enrolled in animal science, natural science, home economics and expressive arts project areas.

What do you do in 4-H? It depends on you. Everybody may be a friend in the same grade or school, or include people from other communities. Clubs decide how often to meet and elect officers to conduct club business. Your club may decide to be active in the community, raise money for charity, become involved in recycling projects or build nature trails. You can go on field trips or to 4-H camp. The choices grow as you get older.

Does 4-H cost a lot? There are no state or national dues or required uniform. You pay \$3.50 per year for printed materials and information, and for project materials. A horse can be expensive, but not a beginning home economics project. Your 4-H club may decide to collect dues to fund special activities.

How do you join 4-H? It's easy. Choose the project you like. Ask some friends or brothers and sisters to join you. Ask parents, grandparents, adult friends or neighborhood adults to be your leader. Several adults can share this responsibility. You need only two members, but you can have as many as you like. Determine the projects members want and visit the Morrow County Extension office or call an agent for help. There are numerous active clubs that welcome new members.

4-H is "learning today, leading tomorrow and learning by doing" - learning how to set goals and work toward those goals; learn responsibility for an animal, or finishing projects, choosing how much to learn and deciding how involved in 4-H to be; leadership, decision-making, cooperation and how to present yourself and ideas to others.
