PUBLIC NOTICE

UNITED STATES DEPARTMENT OF THE INTERIOR, Bureau of Land Management, Prineville District, Central Oregon Resource Area, P.O. Box 550, Prineville, Oregon 97754, and the Vale District, Baker R. A., P.O. Box 987, Baker City, Oregon 97814.

The BLM is seeking input on a proposed land exchange involving more than 75,000 acres of isolated, BLM-administered land in 6 counties. The land exchange will occur in Baker, Union, Umatilla, Morrow, Grant, and Wheeler counties in two phases. In Phase I, in exchange for BLM tracts the United States would acquire a block of land along the North Fork of the John Day River which straddles the Grant, Morrow and Umatilla county lines. It will adjoin a second piece of land that is located west of the North Fork and includes Ditch and Cabin Creeks drainage on the East, Wall Creek drainage on the West and abuts the Umatilla National Forest to the North. In Phase II, additional lands will be acquired in Baker and Grant counties. Specific locations will be determined later.

This is an "assembled" exchange involving many different parties including both Vale and Prineville BLM Districts. To facilitate this process, the BLM is working with Clearwater Land Exchange. The purpose of this exchange is to consolidate BLM administered land and allow for more efficient management and greater public access.

Although the proposal has not yet been formally announced in the Federal Register, the N.E. Oregon Assembled Land Exchange analysis team has started public scoping, in preparation for writing an Environmental Impact Statement. The Prineville District's Two Rivers (1986) and John Day (1985, 1995) Resource Management Plans and the Vale District's Baker (1989, 1992) Resource Management Plan (RMPs) currently provide general management for land tenure adjustments as well as overall land and resource use allocations and resource protection or enhancement. Although it is anticipated that the final decisions for land exchanges considered through this analysis will be in full conformance with the applicable RMPs, it is possible that portions of some actions under some alternatives may require plan amendments. Public meetings concerning this proposal were held in John Day, Baker City, LaGrande, Heppner, and Pendleton this summer. To gather additional comments and information from the public at large, BLM staff are offering a public tour on October 15 and 16, 1996, of lands considered for acquisition and disposal.

This tour will give interested groups, agencies, or individuals opportunity to discuss the proposal with BLM staff while visiting acquisition/disposal land parcels on sight. Because of the remote nature of many tracts involved, only a portion of the proposal areas will be included in the tour route, which will be determined by BLM staff.

On October 15, the tour will focus on acquisition tracts along the North Fork John Day River from Camas Creek to Potamus Creek, and scattered disposal tracts in Umatilla County. On October 16, the tour will visit acquisition areas including portions of the Wall, Little Wall, Ditch and Cabin Creek drainage, and disposal tracts near Monument, Oregon.

The October 15 tour will leave at 9:30 a.m. from the Ukiah City Park, and the Oct. 16 tour will leave at 9:00 am from the River Access Recreation Site, in Monument, Oregon. Tours will end at 4:00 p.m. each day at start location.

Cards beat Honkers in two Granges host fourth degree

By Kara Miller

The Lady Cardinals were host to the Arlington Lady Honkers on Sept. 24.

Lone took advantage of Arlington's slow start and had the game won before they could get their defense going. The Cards' Nikki Sullivan and Brenda Holtz each had an ace serve and Holtz and Katie Tworek each scored four consecutive points in their rotation

before Arlington broke serve. Cami and Brenda Burright and Kara Miller contributed points to Lone's 15-0 win.

Kemmery Burright went on a serving spree in the second game and landed eight before Arlington was able to stop her. Sister Brenda added two more, and Stephanie Haguewood scored three in her rotation. K. Burright scored the final blow with two points to make the score, 15-3.

Chamber Chatter

By Claudia Hughes, Chamber Manager

People around town sometimes mention "burnout" or lack of new, innovative ideas in their organizations. What they are really saying is that they are looking for new faces with energy, ideas and enthusiasm, which means new leadership.

The La Grande-Union County Chamber of Commerce newsletter recently carried an article entitled: "Marks of a Good Leader," which stated that leaders are not born into leadership, they are made by their response to circumstances. Leadership is the result of a learning process, not the special possession of a few persons.

Good leaders are: consistent in their actions; fair in their decisions; actively demonstrate commitment to the cause; aggressively approach and solve problems; are enthusiastic about whatever they do; stay on top of things; demonstrate credibility; perform beyond expectations; handle a myriad of details effectively; communicate a clear vision for the future; follow through on their promises; keep no secrets from the members of their team; involve people in decision making; instill confidence; affirm their followers; and earn a high degree of trust and loyalty.

Step forward. Heppner wants to hear from you.
