

appropriate environmental analyses, public and interagency reviews and would be reported in the applicable District or Resource Area periodic planning update reports which are distributed to known interested parties.

The Baker R.A. RMP proposed plan amendment and exchange proposal include public lands administered by the Baker R.A. located within the following areas.

Willamette Meridian, Baker, Morrow, Union and Umatilla Counties:

T.1N. through 6N., R.23.E. through 41E.,

T.1S. through 6S., R.23E. through 42E.,

T.7S. through 14S., R.36E. through 48E.

Containing approximately 45,000 acres of public land.

Public lands considered for disposal in the Central Oregon R.A., Prineville, are located within the following areas:

Willamette Meridian, Grant and Wheeler Counties:

T.7S. through 18S., R.26E. through 35E.

T.7S. through 9S., R.21E. through 25E.

Containing approximately 50,000 acres of public land.

Contingent upon approval of the amended RMP, or an approved conformance determination with the existing approved Baker RMP, the above described land within the Baker R.A. will be suitable for disposal by exchange under section 206 of the Federal Land Policy and Management Act of 1976 (FLPMA), 43 U.S.C. 1716. Disposal of the public lands considered for exchange within the Central Oregon R.A. are in conformance with current Land Use Plans. These parcels are generally considered to be isolated and inefficient to manage. The total acreage considered for disposal in both the Baker and Central Oregon Resource Areas totals approximately 95,000 acres.

The Baker and Central Oregon Resource Areas have received exchange proposals from Clearwater Land Exchange for property from Pioneer Resources, the JV Ranch and other private entities, potentially affecting the public lands noted above. Some lands offered by these private landholders for this exchange are located along the North Fork of the John Day River which straddles the Grant, Morrow, and Umatilla county lines. They adjoin a second piece of land that is located west of the North Fork and includes Ditch and Cabin Creeks to the east, Wall Creek on the west and are adjacent to Forest Service administered lands to the north. Other lands considered for acquisition are located on and in the vicinity of Rudio Mountain in Grant County and along the South Fork of the John Day River. The Baker R.A. has designated the following "target" acquisition areas within which it would seek to acquire private lands from willing land owners: the west side of the Snake River from Homestead to Huntington (including the Lookout Mountain area), the Pedro Mountain area, the Dooley Mountain/Burnt River Canyon area and along the Powder River downstream from Thief Valley Reservoir. Additionally, any opportunity to acquire lands within or adjacent to land tenure retention zone 1 as identified in the land use plans, will also be considered for acquisition in both districts.

The parcels identified for acquisition through the exchange process are considered to contain high public values including significant forest resources, anadromous fish and wildlife habitat, substantial recreational opportunities and miles of riparian habitat. They would build up and consolidate public lands managed by the BLM, adjacent to the National Forest. Other lands offered for acquisition will be considered on the basis of the following values: key anadromous or other fisheries habitat, important wildlife habitats, wetland and riparian values, significant cultural/historic sites eligible for

National Register of Historic places, T&E/sensitive species habitat, Unique/outstanding recreational values, provide legal public access, within or adjacent to special designated areas (ACEC, W&S Rivers), manageability and cost of administration, substantially improves manageability of existing BLM or other public land, opportunities for partnerships in management and acquisition, unique lands with ecologic, geologic, scientific or scenic values and significance in stabilizing business, social and economic conditions and/or lifestyles. Issues raised at initial scoping that will be addressed in the analysis include, but are not limited to; multiple adjacent landowners desiring acquisition of BLM disposal tract(s), adjacent landowner(s) does not wish to acquire BLM disposal tract(s), appraisal issues, tribal values/historic use areas, county land base, water rights and agricultural lands, outright sale of public lands, resource management of acquired tracts, resource management on tracts considered for disposal, late successional forest stands/habitat, access and wildlife habitat.

Parcels will be screened by an interdisciplinary (ID) team through the environmental impact statement (EIS) process. Public parcels will be inventoried for sensitive values including special status wildlife and plants, and cultural resources. Disciplines to be represented on the ID team preparing the plan amendment and EIS include, but are limited to: archaeology, anthropology, economics, lands and minerals, recreation, forestry, fisheries, hydrology, botanical, soils, wildlife, geology and hazardous materials.

The value of lands proposed for exchange have not yet been determined. Upon completion of final appraisal, acreage would be adjusted and/or money would be used to equalize the values. Lands will be exchanged on a value for value basis, based on current fair market value appraisals. Public lands would be transferred subject to: (1) A reservation to the United States of a right-of-way for ditches canals constructed by the authority of the United States. Act of August 30, 1890 (43 U.S.C. 945); and (2) all valid existing easements, leases, permits, licenses, right-of-way or other rights, and other terms and conditions that may be identified in the EIS.

The BLM is inviting comments to be considered in the preparation of the EIS for the proposed exchange. Comments may be addressed to Dick Cosgriffe, Central Oregon Resource Area Manager, at the Prineville District Office and Gloria Brown, Baker Resource Area Manager in Baker City. Comments should be postmarked by (45 days after date of publication in Fed Reg).

Public meetings have been held in John Day, Heppner, Pendleton, LaGrande and Baker City regarding this proposal. Public open houses will be held in Heppner, Pendleton, LaGrande and Baker City. The need for additional meetings will be evaluated based on the level of public input as a result of public notification procedures. Any public meetings will be announced at least 15 days in advance.

Detailed information concerning the proposed exchange and plan amendment, including the EIS, will be available at a later date at BLM offices in Prineville, Baker City, John Day and Portland. In Heppner this information will be available in the public library. When the EIS is completed in the early spring of 1997, another comment period will be provided to allow for additional public input to the exchange and associated plan amendment. This comment period will be announced in a Federal Register notice and local media. Any final decision will also be published to these same standards and applicable appeal or protest period(s) provided.

Pursuant to 7 CFR, Part 1, Subpart B, Section 1.27, all written submissions in response to this notice shall be made available for public inspection including the submitter's name, unless the submitter specifically requests confidentiality. Anonymous comments will not be accepted. All written submissions from business entities and organizations, submitted on official letterhead, in response to this notice shall be made available for public inspection in their entirety.

**PUBLIC NOTICE**

"The Morrow County Commission on Children & Families has extended the deadline for proposals for Child Care Development Block Grant (CCDBG) projects. The anticipated allocation for the 1997 CCDBG grants is \$6,160. These projects must enhance the quality or increase the availability of child care for children ages 0-13 or for special needs children up to 21 years of age. Projects addressing training, marketing, extended hours of child care to accommodate shift workers, enhancement programs, child care for sick children and respite care for families with disabilities and also have funding from other sources will receive priority consideration. Child care providers requesting funds must be registered or gon. Request for Proposal packets may be obtained by calling the Commission Office at 676-9675, by sending a written request to P.O. Box 544 or by coming to the office at 471 North Main, Heppner. Completed proposals must be returned to the Commission by 12:00 P.M., December 20, 1996 to be considered. For further information, contact Dar Merrill at 676-9675. The Morrow County Commission on Children & Families reserves the right to accept or reject any/all proposals and all proposals are subject to availability of funds."
