

Lone Library program a success

Kids work together to build mini-golf course at Lone Library program.

The Lone Public Library's summer program, "Books and Beyond-Hobbies and Interest for Life" was a big success. During the span of the six week program 34 children attended, 140 books were checked out, and children reported reading over 700 books. Some of the most popular projects were building a mini-golf course out of recycled materials and game making (both themed after their favorite books) and clay modeling. Michelle Raible, leader of this year's program, said she was very pleased with the turn out and enthusiasm of the participants. "The children were always very excited to be there," said Raible. "We also had several parents and young teens help out. With 19 to

20 busy bodies each session, their help was greatly appreciated." The Lone Topic Club members (supporters of the library) provided snacks for each session. "The first day our theme was collecting," said Raible and Lea Mathieu brought her angel collection and angel-shaped cookies. I thought that was so great and the children really loved it." The program ended with each child attending getting a certificate and prize. Top readers included Mary and Kylie McElligott and Katie West (over 100 books each), Paul and Matt Hams (over 70 books) and Katie Vosberg (60 books).
