

Mustangs rout Riverside Pirates, 40-12

By Rick Paulius
The Heppner Mustangs routed the Boardman Riverside Pirates last Friday night, Oct. 18, 40-12. This was a non-league game played at Boardman. The Mustangs will get back to league games this Friday, Oct. 24, against the Pilot Rock Rockets.

Riverside received the opening kick-off, but promptly fumbled a pitchout which Travis Wilhelm recovered at the 31 yard line of the Pirates.

Quarterback Shane Matheny ran for 11 yards then four yards down to the 10. Junior Derek Gunderson then ran for five yards, then took a pitchout the final five yards for a touchdown. Matheny kept the ball and got the two point conversion, giving the Mustangs an 8-0 lead with 8:50 left in the first quarter.

The Pirates took the ball down to the 27 yard line of Heppner, but gave up the ball on downs.

Matheny ran three times for 12 yards and Wilhelm carried twice for 17 more, giving Heppner a first down at the 37 yard line of Riverside.

Matheny then hit Gunderson in the flat and took the ball the rest of the way for the touchdown. The extra point try failed and the Mustangs led 14-0 at the end of the first quarter.

The Mustangs took over at their own 20 yard line after a Pirate punt. A Matheny pass to Gunderson was good for nine yards, then Matheny kept the ball for 20 more yards. Tim Dickenson then ran for seven yards and Wilhelm ran 34 yards down to the 20 yard line. Wilhelm ran for seven more and Levi Geer ran 12 yards to the one yard line. Wilhelm took it in for the touchdown. Freshman Blake Knowles' kick just missed and Heppner led 20-0 with 6:59 left in the half.

The Pirates then drove down the field, with Leo Garcilazo scoring from one yard out. The conversion try was no good and the half ended with Heppner leading, 20-6.

The Mustangs didn't take long to get on the scoreboard in the second half. Matheny took the kick-off and went 90 yards in 11 seconds for the touchdown. Knowles again just missed wide right and the Mustangs led, 26-6.

Wilhelm and Brian Burnside then led a defensive stand that led to a -4 yard punt, giving the Mustangs good field position at the Pirates' 31 yard line.

Geer took the ball outside on the option for 14 yards to the 15. Casey Evans then made a nice catch on a pass from Matheny to the eight yard line. Geer then took it to the one and Matheny took the ball in from there for the touchdown. Knowles kicked the ball through the uprights and Heppner led, 33-6, with 6:09 left in the third period.

Riverside took the ball down the field with Garcilazo again getting a one yard touchdown. The conversion failed and Heppner now led, 33-12, at the end of the third quarter.

After Gunderson returned the kick-off to the 31, Geer ran for nine yards and Matheny gained five more for a first down. A Matheny pass to Evans gave the Mustangs the ball at Riverside's 39. Gunderson broke free and outran the defense to the end zone for the touchdown. Knowles kicked his second straight extra point, giving the Mustangs a 40-12 lead.

Shane Matheny sweeps around end in Heppner win

Both teams traded possessions the rest of the game as Heppner coach Greg Grant put in a lot of the bench.

The defense had another solid game and were led by Wilhelm with 25 defensive points. Clint Bellamy had 22 and Tim Sumner had 20. Casey Evans was next with 13, Royal Robinson had 12 and Brian Burnside had 11.

Wilhelm led the rushing attack with 71 yards on eight carries. Derek Gunderson ran six times for 62 yards. Matheny ran seven times for 42 yards and Geer had eight carries for 20 yards.

Matheny completed five passes in nine attempts for 73 yards and one touchdown, without an interception. Gunderson completed one pass for 11 yards.

Gunderson had two receptions for 38 yards. Evans caught two passes for 25 yards and Wilhelm

caught one for 10 yards. Matheny caught one pass for 11 yards.

Statistics: Heppner-14-6-13-7-40. Boardman-0-6-0-12.

First quarter: Heppner-Derek Gunderson, five yard run (Shane Matheny run). Gunderson, 37 yard pass from Matheny (pass failed).

Second quarter: Heppner-Travis Wilhelm, one yard run (kick failed). Riverside-Leo Garcilazo, one yard run (pass failed).

Third quarter: Heppner-Matheny 90 yard kick-off return (kick failed), Matheny one yard run (Blake Knowles kick). Riverside-Garcilazo one yard run (pass failed).

Fourth quarter: Heppner-Gunderson 39 yard run (Knowles kick). Individual rushing: Heppner-Wilhelm 8-71, Gunderson 6-62, Matheny 7-42, Levi Geer 8-20, Tim Dickenson 1-7, Craig Scott 1-3, Shad Hisler 1-1.

Riverside-Solano 20-54, Krepps 18-40, Garcilazo 5-9, Wright 3-0. Passing: Heppner-Matheny 5-9-0-73, Gunderson 1-1-0-11.

Riverside-Solano 2-4-0-24, Wright 8-13-0-73. Receiving: Heppner-Gunderson 2-38, Evans 2-25, Matheny 1-11, Wilhelm 1-10.

Riverside-Krepps 5-70, Garcilazo 2-13, Liddicote 2-12, Solano 1-5, Baker 1-4.

Condon Blue Devils cook Cardinal netters

By Kara Miller
The Lady Cardinals' homecoming loss was one to be watched over and over for many years. The girls came out ready to play, but could only capitalize on the mistakes of the Condon Blue Devil offense during the first game and the Blue Devils took over from there. The Cards lost the match in three, 15-8, 8-15 and 7-15.

The crowd was screaming from both sides as the Ione girls came out to show what they were made of in the first game, winning 15-8. With junior Katie Tworek on vacation, the Cardinal lineup was forced to add some new faces. Brandi Brantley and Nikki McElligott stepped up their game in the wake of Tworek's absence.

"McElligott, by far, had one of the best matches of her season. She stepped up and played really well for us the other night," said coach Charity McElligott. Nikki McElligott had five kills, nine spikes for the Cardinals, and she helped out the defensive end by adding three blocks.

Camie Burright served nine points for Ione and added five kills. Jenny Sullivan dug out 14 hits, while Brenda Burright set up 25 assists.

The Lady Cards lost the second and third games, 8-15 and 7-15.

"We played one of the best games we have had all year the first match, but we lost a little bit of the momentum going into the second and third games," said coach McElligott. "We're going

to work on consistent intensity during practice until districts and hopefully our endurance will be elevated to the level we need to be playing at, and the level we know we can play at."

Ione will host Arlington on Thursday, Oct. 23 at 5 p.m. and

then on Saturday, Oct. 25, all Cardinal teams will travel to Culver to take on the Bulldogs, a threat from the other side of the league, for the last games of the season. Varsity game kicks off at noon.

CHAMBER MAIN STREET NEWS WEEK OF OCTOBER 20, 1997

brought to you by The Heppner Chamber of Commerce (541) 676-5536
MAIN STREET WEEKLY REPORT

-FINAL LIFT WEDNESDAY, THURSDAY AND FRIDAY...That's right, this week, 'if' the BEO shows the temperature at 50 degrees by 10 a.m. Paving will continue into the evening hours if that temperature holds. Now's the time for positive thoughts, sun dances, prayer or getting our hands on the temperature control at the bank. October 24 is the final date for the lift or we'll have to "put some 'spring' into our step."

-BULBS AND CURBS should be complete by tomorrow. Sidewalks to follow.

-LUMINARIES. Once paving is complete and all the pole bases are in, Roger Schoonover will bring in special equipment to pull the wire. That should take approximately three days. And the light poles will follow.

-LOVE THAT MAIN STREET because it's how it is. ODOT, WEAVER, and all the rest of us need to stay excited about the finished product. It's rapidly coming together. Different, yes, change, yes, safer, yes, an enhancement to the community, yes, you bet. Heppner energized.

-LAVAR BOWLES, Weaver Construction is moving on to another job. The attendees of Monday Main Street meetings have appreciated Lavar, Al, and Hank for working with ODOT and the community to keep the lines of communication open through this process. All parties at the table hope to finish by October 24. Additional workmen have been brought off other jobs to bring Heppner to closure.

-BRICK PAVERS are getting close to reality. The sand filler is going in and the bricks aren't far behind.

-TREES have all been spoken for. They will be going in spring of 1998.

-CITY LOGO. Yes, it's being torn out because it didn't meet the specs for strength; and yes, it's being put back. The corrective work won't count against contract time. Next week Main Street through-traffic will be re-routed while the cloverleaf logo is taken out, formed up and repoured (this time by Umatilla Ready Mix.) There will still be some parking on Main Street during the rerouting. Halloween should find this project completed.

-MAIN STREET MEETINGS will continue for the next two weeks. Bill Kuhn will publish the news next week as the Chamber executive director will be at a conference in Portland Sunday through Tuesday. If you have concerns, Yaws is the place, Monday, 11 a.m., October 27. November 3 will be the wrap up session, unless attendees are just dying to keep meeting. Remember, these sessions are open to everyone.

-HARD HAT AMBASSADORS on the scene last Monday were Suzanne Jepsen and Dan Brosnan.

-HALLOWEEN local merchants have great things in store for all ages on Halloween from scavenger hunts to creative writing to identifying local spooks. Stay tuned the Heppner Gazette Times will carry details. Spooktacular fun for one and all.

-CHAMBER'S CHRISTMAS LIGHTING COMMITTEE Bill Kuhn, Doris Brosnan, Trish Sweeney, Sharon Harrison, Gary Marks and Suzanne Jepsen met last week. They accepted the Heppner Ranger District's offer to provide Christmas trees at permanent tree sites. Individuals will be offered the opportunity to provide lights and help deck Heppner for the holidays on November 22--trees for Thanksgiving to be lit for Christmas. George Koffler, a committee member, will be working on funding for '98 decorations.

-TUESDAY, OCTOBER 21, the Chamber program was Jim Salyers, manager, Kinzua Resources LLC and John Green, plant supervisor of Heppner mill.

-THOUGHT FOR YOUR WEEK: The community that rakes together, aches together. Isn't it a beautiful autumn.

Cross country running takes determination

By Kristina Powell and Rhonda Wilhelm

Sybil Krebs of Ione has taken on the challenge to run cross-country. Krebs runs 3.1 mile races and it takes her anywhere from 23-25 minutes to run a race. "I am trying to improve my best time, which is 23 minutes," says Krebs, who has run 294 miles since she has started.

It takes her 1 1/2 hours to run seven miles. That also includes her warming up laps. She lifts weights and that takes up a half-hour of her warm ups.

Sybil is the only one in Ione that has taken on the challenge of cross country, so she has to run with Condon High School. Heppner has had the option, but no one wanted to run the cross country. "It makes me feel like I have a lot of self-determination," said Krebs. "I have been running long distance since sixth grade because Mr. Dean Robinson, the track coach, made me run," she added.

Her trainer was Cindy Selby. Selby is not there all the time when Krebs trains, so she sends Sybil her workout information through the mail. This way, Krebs knows exactly what she is suppose to work on. Krebs trains six days a week and gets only one day off in a week. She trains that long because a person has to be in excellent condition to run cross country races.

Krebs has run two races since she started in Union and Hermiston. She placed well out of 70 runners. "In Union there are hills you have to run up and there are bridges you have to run across. Also, you have to jump across logs," she emphasized.

In the second race in Hermiston, Krebs placed second out of

30 runners. Sybil runs against 4-A schools.

She has not run more races because she hurt her tendon by over-using it, so she will not be able to run in the district race. To qualify for state a cross country runner has to be one of the top seven out of the 1-A and 2-A schools. The state race is in Eugene and the district race, in Pendleton.

A runner in cross country is limited on the calories that can be eaten. And, she says, "We can't

drink pop." Their bodies need more nutrients than calories. The runners do not have to limit themselves on what they eat-they can choose to eat what they want. Krebs says she wants to limit herself, so she eats accordingly. "It takes a lot out of you when you run a race," she added. The day before a race she needs to drink at least a gallon of water.

Krebs says she is not sure if she wants to race next year, but she is still thinking about it.

Genealogy fall gathering Sunday

This is your chance to get started researching your family history. A fall gathering of beginner and experienced genealogists will be held on Sunday, October 26, at 1 p.m., at the Morrow County Museum.

Opportunities to learn how to complete basic charts, use census and soundex, and organize genealogy records will be provided. Museum staff will demonstrate genealogy software

and resources available at the Morrow County Museum's Research Center.

The museum's genealogy research center is open the same hours as the museum, 1-5 p.m., Tuesday through Saturday. Everyone is welcome to attend the meeting, which is sponsored by the museum and the local Genealogy Society.

For more information, call the museum at 676-5524.

RAKE in the savings offered this week only at Wright Chevrolet.

1995 Jeep Cherokee 4dr, 4cyl, 5 speed, air, only \$11,900
