

## Garden Club plans meeting

By Merlyn Robinson

The monthly meeting of the Heppner Garden Club on April 6 at the St. Patrick's Senior Center will commence with a potluck supper at 6 p.m.

Members and guests will be on hand to greet Joanne Fitzgerald, Milton-Freewater, who is the district director of Blue Mountain District 10 of the Oregon Federation of Garden Clubs.

Local garden club members will be attending the spring district meeting in Condon at the United Church of Christ on April 14. Garden clubs throughout District 10 meet twice a year in different places. This year the Condon Garden Club is the host. The theme for this all-day session is "Every garden has an angel."

The Heppner Garden Club won first place for non-profit organizations during the recent St. Patrick's parade. Chairman Vonnie Lovgren and her crew created this large, colorful float. Club President Verna Brinda and Jane Rawlins rode on the float seated in an old-fashioned buggy surrounded by shamrocks, leprechauns and large pots of pussy willows and forsythia. Future plans for the club include a plant exchange in late April.

PG & E Gas Transmission, Northwest Corporation Compressor Station 9 Four miles Southwest of Ione, on Gooseberry Road Has applied for an Modification of a Oregon Title V Air Operating Permit (No. 25-0026)

The Department of Environmental Quality (DEQ) has conducted a preliminary review of this application and is providing an opportunity for public comment. PG & E Gas Transmission, Northwest Corporation (PG&E GT NW) is a natural gas transmission company operating a pipeline from the Canadian border through the states of Idaho, Washington, and Oregon to California. PG&E GT-NW's dual mainline is 612.5 miles in length and includes 638.9 miles of 36-inch and 589.4 miles of 42-inch pipeline. Energy to move the gas is provided by 12 compressor stations located along the pipeline all of which are designed for remote, unattended operations from PG&E GT-NW's Gas Control Center in Portland. Compressor Station 9 is located in Morrow County, Oregon, four miles southwest of Ione, on Gooseberry Road. Compressor Station 9 contains two gas turbine-driven compressor units. Unit A is a Solar Mars T14000 gas turbine, rated at 14,100 HP (ISO). Unit B is currently a Solar Mars T12000 gas turbine rated at 12,600 HP (ISO). Unit B is to be replaced by a new Solar Mars T14000 14,100 HP (ISO), gas turbine in 1998. Station 9 structures include a control building, a compressor building which houses Units A and B, a lubricating oil storage building, a storage building, a motor control center building, a fuel gas building, gas scrubbers, a scrubber-separator, instrument buildings, and valve shelters. The draft permit contains emission increases over baseline which are less than the Significant Emission Rate. Emission increases less than the SER are considered to have a minimal impact on ambient air quality. The facility is located in an area designated in attainment for all criteria pollutants. The facility is a major source of Nitrogen Oxides and Carbon Monoxide and is a minor source of Particulate Matter, Fine Particulate Matter and Sulfur Dioxide. More information on this facility's emission of air pollutants is contained in the review report.

Over the years I have read many thank yous in the paper, most of which say "thank you doesn't seem to be enough." I never really understood what they meant. When you do a kind act for someone and they say "Thank You," it's always been enough for me.

Well now I know just what it means! During my recent illness, the outpouring of love, in the prayers, cards, flowers, phone calls, having my house cleaned, caring for my children, visits to the hospital. The list goes on. How could I possible THANK all of you? Please believe that each and every THANK YOU comes from deep within my heart.

"THANK YOU!" It really doesn't seem enough.

May God Bless Each and Every One of You

It has been a great year. If I thanked everyone who has assisted or helped on a committee, it would take up the whole paper. Without your help, it wouldn't have been possible for myself and Andrea to accomplish the task of being your Exalted Ruler.

But I owe a special THANK YOU to John Britt and John Britt Logging, for allowing me the flexibility in my job to achieve the goal of being an Exalted Ruler.

I wish all the success to Joe and Linda that Moe and I have had this past year. I hope everyone shows them the same support you have given us.

Thanks again,  
Roger

A special thanks to the Cam and Kim George family for providing the lamb "Scamper," to Rollie Marshall for being such a good sport by being our incumbent line judge for the fourth year, to Murray Drugs for pre-selling tickets for us, to Mike Proctor for help in setting up, and to Janel Lacey, Debbie Gutierrez, Georgia VanWinkle, Ron and Maryanne Anthony for ticket sales. An extra big Thank You to Theo Greenup for her dedication and hard work year after year with this and many other fundraising projects.
