Jake McElligott receives scholarship

Jake McElligott

Jake McElligott of Lone was recently awarded a presidential scholarship at Carroll College in Helena, MT.

Presidential scholarships are awarded to students who have earned a high school grade point average of at least 3.25 and have been accepted to Carroll College. The awards are also based on extracurricular activities of the students and their ACT/SAT scores.

Carroll is a four-year, Catholic, coed, residential liberal arts college. Bachelor of arts degrees are offered in more than 30 academic areas.

Most improved award: Megan Healy. Most inspirational Stephanie Howard (not pictured).

Get the bible back into schools

To the Editor: Since 1962, when prayer was taken out of schools, 1963, when the Bible was removed, and 1980, when the Ten Commandments were deleted, everything in the United States schools and government has gone rapidly downhill.

My question is, "How can we get God, Bible and prayer back into schools and government?" (s) Janei Lundquist Overholser Christmas Valley

Disturbed by Boardman clinic budget

To the Editor: Administrator and Board of Directors, Morrow County Health District:

I attended your May 4 budget and board meeting. I am very disturbed by your position regarding the operation of a medical clinic in the Boardman area.

When the county-wide health district was formed, I supported it. The major consideration established by the Boardman area was that the county-wide district would fund a physician (M.D.) staffed, full-fledged clinic, open 40 hours per week and on-call to meet the requirements, among others, of the Oregon Health Plan.

The budget for the Boardman clinic does not support the above mandated and described services. The amount of funds for the Boardman clinic as indicated by the Heppner clinic budget, should be in the neighborhood of \$550,000 to \$600,000 to reflect the needs of the Boardman area and to support that which was agreed to upon at the formation of the district.

The administrator reported to the board that effective July 1, the current half-time Boardman clinic physician would be reduced to two half-days per week. This is totally inadequate and negates the reason to have the general Boardman area in the county-wide district.

Boardman has a population approaching 3,000. It is the largest town in the health district. The tax base of this area of the county medically served by the town constitutes 2/3-3/4 of the district's tax base. We are paying for, and have a right to receive good medical facilities.

It is because of the district inability or unwillingness to establish either a full-fledged operation or a mutually satisfactory arrangement with the district's former provider that you have an under-used (and financially wasteful) clinic operation and a political disaster in the making.

The board and administration need to listen to the elected representative from Boardman. The old divisive policy was completely refuted with Sharon Meyers' overwhelming defeat of the previously unelected Boardman representative.

You have the opportunity to reconvene your budget committee and correct this error in judgment before the final adoption of your budget.

Kara Anstogui to serve internship

Oregon State University (OSU) senior Kara Anstogui of Heppner has been selected to serve a one-year internship in the sports marketing dept. at the University of Kansas in Lawrence, KS.

Anstogui, who will graduate from OSU with a degree in marketing on Sunday, June 15, has worked in the OSU sports marketing depts. as a student assistant for three years. She was involved with several of OSU's athletic programs and was responsible for half-time entertainment at basketball games and handled several promotions at football games as well.

"I had such a great experience through my work in the athletic department (at OSU) that I realized this was what I wanted to do full-time," Anstogui said.

She will leave for Kansas the day after graduation and plans to start work around June 24.
