"We don't really expect you to bank with us just because we're local!"

- Linda LaRue, Senior Management

"We are more affordable than other banks. For example, we absorb the service charges on ATM transactions, no matter where the customer is."

"Our management team is more accessible to our customers. If this was a large bank, as a senior manager I would never see a customer."

"We don't have some faceless out-of-town board of directors. They all live in this area. That's why Bank of Eastern Oregon has been here over 50 years."

With Linda and over 50 of your other friends and neighbors working hard to earn your banking business, it's easy to see why Bank of Eastern Oregon is the bank of choice for the people of our area. Does being local and

committed to your community make a difference to you when you shop for banking services? We hope it does. Does Linda's commitment to you as a customer make a difference? She hopes it does.
