

New banners at St. Patrick's

Gwen Healy with new banners

New banners at St. Patrick's Church were made by Gwen Healy.

The banners, with a stained glass effect, were made out of triangles of satin and lame'. The one on the left (pictured above) has a solid green satin inset with

an appliqued gold lame' chalice. The one on the right has a white satin cross with a background of assorted satins.

The satins were acquired for the most part from the scrap bags of various people around town.

Make parents and children responsible

To the Editor:

Last week Floyd White wrote about being harassed by juveniles.

How come the parents aren't responsible for the actions and whereabouts of their children?

If you are a parent who does not know the whereabouts of your child, try finding them on my street. If you can keep them home, I can get some sleep.

Last night we had a car wreck, a fight and drinking on my street.

I have seen sexual involvement and about everything else.

It's about time we clean up our neighborhoods and make the adult people and their child responsible for these all-night parties for juveniles and adults.

If you parents wish, I can give you license plate numbers and descriptions of cars and how long they stay at this residence.

Two arrested for harassment

Two Heppner teenagers, Judy Peck, 18, and Michael Scott, 19, were arrested as a result of an early morning incident in downtown Heppner on June 23.

The teenagers allegedly "yanked" open a man's car door and yelled obscenities at him. Scott was charged with harassment and Theft III and

Peck with Theft III.

There was also a report of trash cans dumped, a street sign knocked down and teenagers jumping into the street in connection with the incident.

The police later received a report that threats were allegedly made to the man to retaliate after he reported the incident to police.

Willow Creek Road construction update

The U.S. Dept. of Transportation lists its planned construction activities on Willow Creek Road for the week of Monday, July 6.

Tidewater will be continuing with the grubbing between the Day Use Area and Penland Lake Road and continue the cut slope excavation and placing rock embankment with material from the cut slope, working between the beginning of the project and Smith Ditch. The surveyors are on the project, placing stakes for cuts and fills, rock embankment areas and for the various culverts located along the project. Tidewater will be hauling debris to a waste site near the Cutsforth property located on the FS Road 21, so please be aware of the large truck traffic on this route.

Willow Creek Road (Coal Mine Grade) is closed to through traffic from Cutsforth Park to the intersection of Forest Service roads 5320 and 53. This intersection will remain open, to the logging contractor only, for the removal of timber sale material. The FS 21 Road, Penland Lake Road, intersection will remain open until construction activities restrict traffic with flaggers in the middle of July.

Willow Creek Road remains open, to local traffic only, to Cutsforth Park. The park will remain open for the construction season.

The Willow Creek Road Closure will continue through Oct. 9, 1998. The detour route through the Shaw Creek Road will be the main travel route through to the four corners to Penland Lake and Ukiah.

The road closure has been accomplished by placing barricades with flashing lights across the Willow Creek Road (Coal Mine Grade) at both ends of the construction zone. Please observe the warning signs prior to the detour route and barricades

Joint Bible summer school planned

All Saints Episcopal, Hope Lutheran and Heppner United Methodist churches will hold a joint vacation Bible school to be held July 27-31 from 9 a.m. to noon.

Classes are offered for pre-school children ages three to four through children in the sixth grade.

The fee to participate in the program will be \$4 per student or \$10 for a family of three children or more.

at both ends of the construction zone. Have a safe summer and remember that the barricaded road closures are for the traveling public's safety.

Federal Highways asks the traveling public for their

patience, consideration and cooperation during this construction season and hopes that the work will be completed with a minimum of delays.

For more information, contact Robert G. Toops, project engineer, at 676-5904 in Heppner for additional information.

"I don't really expect you to bank
with us just because we're local!"

"I've worked at a big bank bank
before and I know the difference.

At Bank of Eastern Oregon my
customers really do get better
service. We can do things here that
an out-of-town bank just can't do.
Since all of our accounting, check
processing and decisionmaking is all
done locally, my customer can get
an answer to something while they
are here."

- Tricia Coe, Heppner Branch

With Tricia and over 50 of your other friends and neighbors
working hard to earn your banking business, its easy to see why
Bank of Eastern Oregon is the bank of choice for the people of our area.

There are other reasons that being a truly local bank makes a huge
difference for the residents of Morrow and Gilliam Counties.
Bank of Eastern Oregon has provided employment, paid property taxes,
paid employment taxes, and assisted in the funding of countless local
projects and charities for well over 50 years.

Does being local and committed to your community make a difference to
you when you shop for banking services? We hope it does. Does Tricia's
commitment to you as a customer make a difference? She hopes it does.
