

Ione wins District 3-1A championship, now heads to state tournament

Ione defended their number one seed against South Wasco County High School, defeating the Redsidies in two games, 15-2, 15-8, at Wahtonka High School, the host for the 3-1A District Tournament.

The Lady Cardinals nearly flawlessly executed the first game. Ione started the match with the serve. Erin Crowell set up a beautiful set assist to Nikki McElligott who made an enormous kill for the first point of the game.

McElligott was a menace to the Redsidies, hitting hard at the net and blocking anything she could get her hands on. It was also the precision setting by Crowell that allowed senior Brandi Brantley to pound a huge kill cross court.

The Ione team relaxed a little more than their coach would have liked at the beginning of game two and allowed the Redsidies to score the first five points. It was McElligott's tip to the open spot on the court that rallied the Ione squad to play the level of ball that the Lady Cardinals are accustomed to.

Camie Burright made a colossal kill to even the score at 5-5 and the game remained tight for the next six points. Salli McElligott and Shelby Krebs did an outstanding performance coming off the bench for the Cardinals.

Erin Crowell led the Lady Cardinals in set assists and had 12 points to her credit. Freshman Diana McElligott launched over missile-like serves, low to the

net and hard to return, for a total of eight points. The team served 92 percent, was 93 percent successful on serve-receives and hit 96 percent at the net. Erin Crowell, Diana McElligott, Charissa Gates and Amellia Peck served 100 percent for the Ione team.

Three senior Cardinal team members, Nikki McElligott, Erin Crowell and Camie Burright, were chosen for the All-Star

Team. Honorable Mention went to freshman Diana McElligott, sophomore Amellia Peck and senior Brandi Brantley.

The Ione Lady Cardinals will be headed to Eugene on Thursday to participate in the State 1A Volleyball Tournament. Ione will play Crane High School on Friday, Nov. 12, at 5 p.m. at Lane Community College.

ALIGNMENT

Over 90% of all cars built today should have a 4 wheel alignment. Most front wheel drives and some rear wheel drives have rear wheel adjustments. We invite you to ask us about it.

STANDARD ALIGNMENT **21⁹⁵**

THRUST ALIGNMENT **39⁹⁵**

4 WHEEL ALIGNMENT (Shims Included) **65⁹⁵**

Every car should at least have a thrust alignment. It relates all 4 wheels to a common center line to insure maximum tire life and a centered steering wheel.
