Items of Health - Tobacco Prevention by Karen Masshoff

Hello folks. I didn't leave, but I am saying farewell to two friends of Tobacco Prevention: Marilyn Bader-Nesse and David Phillips who will be leaving Morrow County. My best wishes go with you. Marilyn and David, along with Fran and Ray Greenlaw and Dr. Kenneth Wenberg, compose a group of people interested in tobacco prevention issues who have begun to meet to discuss community activities for the coming fiscal year. We will continue to meet; the next time will be Wednesday, May 10, at 4 p.m. in the Extension conference room. Come join us. We want your input, and you don't necessarily need to be a non-smoker.

I view the "Tobacco Coalition" group as having three main functions: to meet several times soon to brainstorm ideas to update the tobacco prevention/education grant. The grant includes such general topics as: Creating Tobacco-Free Environments, Reducing Youth Access, Decreasing Advertising and Promotion to Children and Promoting Linkage to Cessation Resources. The other two functions are to serve as a communications link to the community as a whole (friends telling friends) regarding tobacco news. Then finally, to serve as an activities support group. I respect the fact that we all live very busy lives and so any extra hour directed toward helping our community in this manner will be greatly appreciated.

Dear Heppner and Morrow County residents:

I am about to leave Eastern Oregon for a position in Washington State. I have been very fortunate to find a new career where I can continue to use my education and work knowledge to the best of my abilities. I look forward to the challenges of being a manager of two programs dealing with youth and families. I would like to say that during these past 5½ years, I have come to know many folks here for which I highly admire and want to extend a personal Thank You for your help in getting me over the rough spots, especially these past 2½ years. I would like to hope that in some small way I gave back to this community and these special people; you are and will always be in my thoughts and prayers.

When I first came to this community, I immediately took a great liking to it as it reminded me of a time and place where I grew up. Such diamonds are getting harder and harder to find. I found this area to be one of my favorites among the past 12 different communities that I have lived in these past 30+ years. I do believe that no matter what kind of community one lives in, it will only be as good as the person puts an effort in to making it.

In reading a book this past week called, "Ten Things To Do Before You Die," it talks to choosing one's fights and taking a stand on issues that matter. This is truly important for in our current society, as it has become a habit to look the other way, don't question, "it doesn't concern me" kind of thinking. I believe that everything we do has an impact one way or another; it may not be seen right away, but it eventually comes. We all are role models for our brothers, sisters, children, neighbors, etc. Not willing to stand up for one's convictions based upon ethical and moral values weakens the infrastructure of our society and the human race, and it also has the tendency to make God mad. The Higher Power, Supreme Being, whoever you wish to call Him/Her's greatest gift to us is life and each and every one of us human beings is life. We are here to help each other on our learning journeys.

For those dear friends of mine, please remember "my house is your house." My address will be 2902 Victor St., Bellingham, WA 98225.
