A MAN'S GUIDE to buying DIAMONDS

She's expecting diamonds.
Don't panic. We can help.

The way to a man's heart is through his stomach; but the way to a woman's usually involves a jeweler. Just think of golf clubs or season tickets wrapped in a little black velvet bag - that's how women feel about diamonds.

Like people, no two diamonds are alike. So be aware of what you are buying. Two diamonds of the same size may vary greatly in quality; and if a price looks too good to be true, it probably is.

Your true guide to quality is a combination of the 4 Cs:
Cut, Color, Clarity and Carat Weight.
Don't compromise. Show her how you really feel.
