-MCSO received a report of a large branch on I-84 eastbound at the Port of Morrow exit. The hazard was removed.

ALIGNMENT

For Better Handling and Tire Mileage

Every car should at least have a thrust alignment. It relates all 4 wheels to a common center line to insure maximum tire life and a centered steering wheel.

Over 90% of all cars built today should have a 4 wheel alignment. Most front wheel drives and some rear wheel drives have rear wheel adjustments. We invite you to ask us about it.
