WE BELIEVE

As Americans we believe in the right of self-determination, when addressing community needs.

The Ione School has always been the glue that binds our community together.

Self-reliance and the spirit of generosity have been hallmarks of our small town and must be the hope for the future.

Ione is "**GROWING WITH PRIDE**" in our community and school.

Together, we will maintain and improve the education offered to the students of Ione schools.
