

**Artist** from page 1  
development of the Heppner community is well known by many families descended from the men and women who brought the industry to the Willow Creek Valley. Many other families also realize the impact this prominent enterprise had on the shaping of the culture and of the retail and services segments of the society. The next mural will deliver this message clearly.

To finance the mural, the committee is accepting free-will donations and will be offering limited-edition prints of Robert Walton's new work. Additionally, the committee is now suggesting the "Piece of Heritage" program for individuals who wish to make a small investment in the project.

For \$10, a person can sponsor the painting of one square foot of the new mural. At \$10 per square foot, a small donation can thus contribute importantly to the completion of the mural. The committee anticipates that some people will sponsor one foot each and some will sponsor several. One person has sponsored three square feet of the painting, one for each family member, and has said that she will be contacting siblings who once lived in Heppner to suggest that they also donate to the "piece of heritage" program.

Upon completion of the Main Street and the sheep industry murals, a plaque at the on-site kiosk will list names of the contributors to the projects. Included among those contributors' names will be the "piece of heritage" sponsors. For more information or to make a donation to the project, and to sponsor square feet of the mural, call Louie and Betty Carlson, 676-5302, Betty Mills, 676-5546, or the staff of Klamath First Federal.

**City council**

continued from page 1

Canham for \$5,100. It will be used mainly as a snow removable vehicle. Canham said he would declare the current snow removal pickup, which has some damage, as surplus property to be sold off.

Voted to pay \$100 per month for a portable rest room to be placed during summer months at the BMX track at Hager Park.

Approved a 2.2 percent cost of living increase for city employees and merit pay increases that could range up to 4 percent depending on an employee's job performance.

**4-H News**

**Sew Happy**

The Sew Happy 4-H Club met April 4 at Sharon Lewis' house. Catherine McElligott led the meeting. She supplied ingredients and the recipe to make Baklava, a nutty confection.

Also attending were Destiny George, Maggie and Joe Armato, Sherilyn Peck, Kathryn Strouse and Kaylee Helfrecht.

The club is planning a field trip to Pendleton to help start their next sewing project.

At the club's next meeting, to be held May 2 at 10 a.m. at Sharon Lewis' house, Emily Thompson will bring Quick and Easy Ground Beef Accoutromonde.

**Sheriff's Report**

The Morrow County Sheriff's Office (MCSO) reports handling the following business:

**Jan. 24:** MCSO, Heppner ambulance received a request for an ambulance from a caller in Heppner who reported his mother was congested and having a hard time breathing.

-MCSO, Oregon State Police received a report from a caller on I-84 east-bound that he was being tail-gated and blinded from the vehicle's lights.

-MCSO deputy cited Sozo Nathan Andrew Payne, 21, for Exceeding the Maximum Speed Limit, 87 mph in a 65 mph zone.

-MCSO, Oregon State Police, Boardman Police Dept. received a report of a possible DUII on I-84 west-bound. The report was determined to be unfounded.

-MCSO received a report from NORCOR that Melissa Ruth Taylor, 31, had an Irrigon Justice Court warrant for Failure to Pay Fine/Driving while License Suspended served while at NORCOR. A hold was placed for Morrow County.

**BRAKES FREE 25,000 MILE REPLACEMENT WARRANTY**

Of the many parts in your car, light truck or sport utility vehicle, none are more important than those which make up your braking system. At Les Schwab, we're proud of the brake service we provide our customers. That's why we do it right, and we do it complete. We feel a brake system is only as good as its weakest part. Here's what we do:

COMPLETE REAR DRUM BRAKE SERVICE	COMPLETE FRONT DISC BRAKE SERVICE
<ol style="list-style-type: none"> <li>High quality brake shoes</li> <li>Resurface drums</li> <li>All new hold-down return springs</li> <li>All new wheel cylinders</li> <li>Adjust parking brake</li> <li>Bleed &amp; Adjust entire system</li> </ol>	<ol style="list-style-type: none"> <li>Replace with remanufactured or rebuild front calipers</li> <li>High Quality disc pads</li> <li>Resurface rotors</li> <li>Repack wheel bearings (except FWD)</li> <li>New front seals (except FWD)</li> <li>Bleed &amp; adjust entire system</li> </ol>

**Why Do We Replace Brake Calipers?**  
We do more than replace brake pads. Factory re-manufactured calipers include new seals and hardware in addition to pads. This allows for better caliper operation, complete piston return and less brake drag.

**Why Replace the Drum Brake Hardware?**  
Heat affects the spring tension over time. We replace the drum brake hardware for proper brake shoe hold down and return. This allows the brake shoes to wear evenly and for reduced brake drag.

**Why Do We Machine Brake Rotors and Drums?**  
Machining the rotors and drums provides a proper finish for seating the new brake friction and preventing brake vibration and pulsation.

**Why Bleed and Flush the Hydraulic Brake System with a Brake Repair?**  
The natural trait of brake fluid is to attract moisture. This occurs even in a sealed system, which will reduce the boiling point of the fluid and increase the chance for corrosion. We bleed the system to remove air and flush to refresh the brake fluid. This helps reduce the chance of brake fade and prolongs the life of hydraulic components.

**ALIGNMENTS**

**For Better Handling & Tire Mileage**

Every car should at least have a thrust alignment. It relates all 4 wheels to a common center line to insure maximum tire life and a centered steering wheel.

Over 90% of all cars built today should have a 4 wheel alignment. Most front wheel drives and some rear wheel drives have rear wheel adjustments. We invite you to ask us about it.
