OTLD Heppner Branch receives new sign

OTLD Heppner Branch receives new sign

Carpenter Bob DeSpain with the new OTLD Heppner Branch sign.

Stop and check out the new sign for the Oregon Trail Library District- Heppner Branch. The Friends of the Heppner Library commissioned Bob DeSpain to make the sign.

DeSpain, a local carpenter from Heppner, built the sign out of "Trex," a decking material that is maintenance free. The only part of the sign that will need maintained is the lettering, which is a white-colored stain.

DeSpain and Al Riney spent several volunteer hours preparing the site by removing the Oregon grape that had grown up around the old sign and digging a large boulder out of the ground. The sign was stabilized in the ground with concrete and positioned to provide maximum visibility.
