**Shooting in Irrigon results in three arrests**

On Nov. 19, at 5:16 p.m., Morrow County deputies responded to 990 E. Hwy. 730 near Irrigon on a 911 report that someone had been shot. Upon arrival, deputies found Clay Vinson Haynes, 33, of Irrigon, had been shot in the leg with a small caliber weapon, possibly a 22-caliber weapon, reported Morrow County Sheriff's Office.

Deputies determined that some kind of altercation occurred at the Green Acres Trailer Park near Irrigon and this resulted in Haynes being shot in the leg.

Haynes was transported to Good Shepherd Medical Center by the Irrigon ambulance where he was treated and released.

Investigation identified a suspect as being the shooter in the incident. Jose Alejandro Rodarte Montes, aka Alex, 28, of Umatilla, was later arrested by Umatilla police at the request of the Morrow County Sheriff's Office and charged with attempted murder and first-degree assault. The arrest occurred in Umatilla on Nov. 20 at 10:30 p.m. He was lodged at the Umatilla County Jail on \$116,500 bail.

Also arrested and charged in the incident was Michael Dean Huff, 39, of Stanfield, for Hindering Prosecution, \$7500 bail and Jacqueline Marie Smith, 42, of Irrigon, for Menacing and pointing a firearm at another, \$9000 bail.

A 22-caliber rifle has been recovered as part of the investigation, said MCSO. The investigation is continuing and witnesses are being interviewed as to the events leading up to the shooting. No further information is available at the time.

**Hospice could answer end-of-life questions**

Currently only one in three people eligible for hospice care receives it- even though hospice is fully covered by Medicare and most Medicaid and commercial insurance plans for eligible patients. This includes coverage for medications and supplies related to the life limiting illness.

Pioneer Memorial Hospice is committed to the exceptional delivery of compassionate, patient-focused hospice care and believes there should be no barriers to high quality end-of-life care. This is the cornerstone of our agency's open access philosophy, which ensures that Pioneer Memorial Hospice accepts anyone who is eligible for hospice, regardless of the complexity of their medical needs.

- Have you, or your loved one:
- Been hospitalized or been to an Emergency Room several times in the past six months?
  - Been making more frequent phone calls to your physicians?
  - Started taking medications to lessen physical pain?
  - Started spending most of the day in a chair or bed?
  - Fallen several times over the past six months?
  - Started needing help from others with bathing, dressing, eating, cooking, getting out of bed and walking?
  - Started feeling weak or more tired?
  - Experienced weight loss so that clothes are noticeably looser?
  - Noticed a shortness of breath, even while resting?
  - Been told by a doctor that life expectancy is limited?

If you answered "yes" to four or more of these questions, then you, or your loved one, could be eligible for hospice. Hospice can help manage the physical, emotional and spiritual needs of the patient and support the needs of the family as they deal with issues related to their loved one's terminal illness.
