Thanks to the great crew from the Heppner Volunteer Fire Dept. for the speedy response to the fire at a cleanup project this past weekend, Saturday, April 9. Not only did you mop up the fire, but also took care of hazardous trees.

We thank you.

Janice Bowie, W.C.B.C.

Words can't express how much we appreciate everything that was done for us during the illness and loss of our Mother.

The food, the cards, the flowers and most of all, the love that was shown to our Mother and us, was so overpowering and will never be forgotten.

We can't say enough about Home Health and Hospice. Doctor Datta, Donna, Robanai and Molly, thanks. You give so much. We love you.

Father Condon and Winnie, thanks so much for all the trips to see Mom. You were all very special to her and to us.

Proposed Biosolids Land Application Program Expansion:

Portland biosolids are domestic wastewater processing facility solids treated to meet federal and state quality standards and land-applied as a soil conditioner and fertilizer. Portland biosolids have been successfully applied on 4,500 acres of semi-arid rangeland at Madison Farms near Echo, Oregon since 1990. In spring 2005, Madison Farms and the City of Portland propose to extend biosolids land application to 1,071 acres of dryland pasture and small grains land immediately west of the current application site.

To learn more about the proposal, call Mark Ronayne, Biosolids Program Manager at 503-823-2437 or email markr@bes.ci.portland.or.us or write to the City of Portland, 5001 North Columbia Boulevard, Portland, Oregon 97203. More information on Portland's biosolids program is available at <http://www.portlandonline.com/bes/index.cfm?&a=41872&c=31031>.
