## Up, up and away!

Mad Science of Portland and Vancouver will present Up, Up and Away at the Morrow County Fair on Wednesday, Aug. 17, at 4 p.m.

Let a Mad Scientist teach you about the many uses of that much misunderstood state of matter-gas. After a Mad Science magic trick, they will treat participants to a series of experiments which demonstrate the power of gas. Volunteers from the audience will attempt to pull apart the amazing Magdaburg sphere, launch a hot air balloon, and use Papa vortex to put out a candelabrum. This event concludes with Mad Science's own version of "Backdraft" and a dinosaur sneeze from "Jurassic Park". Don't miss it!
