## Sheriff's office received plaque in appreciation for county clean up

Sheriff Ken Matlack (right) presents Sergeant Randy Rayburn (left) with a plaque given to the sheriff's office for their work in the South Morrow County clean up project held this spring.

Sergeant Randy Rayburn was instrumental in organizing the South Morrow County clean-up of vehicles and scrap metal this spring, from April 10 through May 21. As a result, he and the Morrow County Sheriff's Office were presented with a plaque of appreciation for their hard work.

Over 100 cars were gathered in the clean up, along with numerous refrigerators, washers, dryers and other scrap metal for a total of 206.94 tons (413,880 pounds).

"We wanted to help people clean up their property so that it looked better and so that people would stay with-in code," said Sergeant Rayburn.

"This [the clean up] had a significant impact on South Morrow County," added Sheriff Ken Matlack.

Both Rayburn and Matlack expressed a desire to do a similar project in North Morrow County. "We are currently looking for a place in North Morrow

County to gather items," said Rayburn.

Here in the south county, Morrow County Grain Growers donated an area in Lexington for the collection.

After the collection ended, Wurdung Recycling of Salem came to Morrow County free of charge to crush all the scrap metal and take it back for recycling.

Morrow County Sheriff's Office also worked closely with DEQ for site preparation in Lexington and to check the area after it was all finished. The area of collection sees "minimal mess," explained Rayburn.

"We also had good cooperation from Lexington Auto Body," added Rayburn. He said that Lexington Auto Body offered towing services free of charge for one day during the clean up.

This is the second time the sheriff's office has had a county clean up and if needed in the future they hope to hold others.

## Parenting seminar to be held at HHS

Saturday, Sept. 23 is a very important date for our community. On that date, Dr. Michael Sedler will present two workshops in the gymnasium at Heppner High School. The purpose of the presentations is to encourage communication between young people and their parents, teachers and other important people in their lives. Anyone who spends time with young people is invited, whether they be parent, grandparent, aunt, uncle, minister, coach, teacher, employer, neighbor or friend.

Anyone who has children of their own, or works with youth in any capacity, is invited and urged to attend. In the morning from 9 a.m. to noon, the focus will be on junior and senior high parents and in the afternoon from 1-4 p.m., the presentation deals with preschool through sixth grade parents. From noon to 1 p.m., a free lunch will be provided in the HHS cafeteria for everyone attending. During the afternoon session, childcare is arranged. To get a count of children, please contact Mary Ann Elguézabal if you need childcare.

Dr. Sedler has a broad background in education, social work and the ministry. His workshops are packed with great ideas, theory and background, practical experience and humor. A large number of Heppner teachers have taken classes from Dr. Sedler, "and the opportunity to take part in this workshop for free should not be turned down," said HES teacher, Sherry Matteson.

Heppner High School Booster Club and Heppner Elementary Parent-Teacher Club are sponsoring the event, with financial support also coming from Headstart, Behavioral Health, Morrow County Health District and Northwestern Motel.

For further information, visit Dr. Sedler's website at [www.communication-plus.com](http://www.communication-plus.com) or contact Molly Rill. Please plan to attend this important event on Sept. 23.

**SPRUCE LANE TO BE ONE WAY STREET ONLY**

This is to notify you that as of September 28, 2006, Spruce Lane in Heppner will no longer be a two way street. After due consideration of several traffic issues with this street including road width, guard rail and drainage which were brought to our attention at the spring Morrow County Road Committee meeting that was held May 1, 2006, we have concluded that the best and most affordable correction to the problems is a re-designation of Spruce Lane as a one way street. This plan was reviewed and approved by the Morrow County Court at its August 16 meeting in Heppner. Spruce Lane will upon posting on September 28, 2006, be a one way street going north or down the hill from the Heppner High School.

We sincerely hope that any inconvenience to the motoring public will be offset by the increased safety. This will allow a pedestrian and bike lane as well as the installation of new guard rail.

We encourage people to begin planning on the re-designation now in order to minimize any confusion on September 28, 2006 when it is officially posted.
